TO: 3M Authorized Industrial Distributor and Valued 3M Customers

RE: SAFETY RECALL --- BD-ZB 3M BRISTLE DISC

We regret to inform you we recently learned that a small quantity of product was shipped from 3M with a potential performance defect. It is possible you may have received one or more cases of this product. Specific product identification and lot numbers are listed below. (The 3M ID number and the Lot number are found both on the shipper box and the inner carton.)

Product Name	3M ID	Lot
BD-ZB 3M BRISTLE DISC 36 4.5 IN 10/CS61500189164	61-5001-8916-4	Lot 14413 OR Lot 14420
BD-ZB 3M BRISTLE DISC 50 4.5 10/CS61500139011	61-5001-3901-1	Lot 14521 OR Lot 14523

A customer service representative will contact you with information on your shipment(s) that may have been impacted.

Please check the lot numbers for the products in scope of this recall. If you find product with lot numbers listed above, please contact your Customer Service Representative to return product for full credit or call 1-800-362-3550, option 3, then 4 with any questions. Replacement product may be ordered through your Customer Service Representative.

We apologize for the inconvenience this has or will cause. We hope you can appreciate how important it is to us to maintain your confidence in 3M abrasives products, as well as the trust of your customers in the 3M brand. Upon learning of this error, we are compelled, with our sincerest apologies, to make this right for you and your customers.

Sincerely,

David Groppe | Global Quality Manager  
3M Abrasive Systems Division
