- Custom-made tools available upon request
- Made in the U.S.A

Contact Wright Tool at 800.321.2902 or visit wrighttool.com/oilandgas to sign up for your free fracking t-shirt.

OUR NEWEST LINE OF FRACKING TOOLS

Made to ensure safety and reliability, our fracking tools are used on blow-out preventers and flanges in pipeline construction and maintenance. Our tools are produced with a 6-point design for more fastener contact, stamped stud and nut size for easy identification and are available in sizes ranging from 5/8" stud size to 3-7/8" nut size. Every Wright tool is designed and engineered to work right the first time and produced with the quality you have come to trust.

Part #	Stud Size	Nut Size
18H34	5/8"	1-1/16"
18H40	3/4"	1-1/4"
18H46	7/8"	1-7/16"
18H52	1"	1-5/8"
18H58	1-1/8"	1-13/16"
18H64	1-1/4"	2"
18H70	1-3/8"	2-3/16"
18H76	1-1/2"	2-3/8"
18H82	1-5/8"	2-9/16"
18H88	1-3/4"	2-3/4"
18H89	1-7/8"	2-15/16"
18H90	2"	3-1/8"
18H91	2-1/4"	3-1/2"
18H92	2-1/2"	3-7/8"

ABOUT WRIGHT TOOL

Since 1927, Wright Tool has been manufacturing high-quality hand tools for professionals known for long life, durability and toughness. Today, we offer a complete line of more than 4,000 professional-grade hand tools for the industrial, contractor and MRO markets. All Wright-Manufactured products are made in the U.S.A and carry lifetime guarantees against defects in workmanship.

We continually strive to make our products and processes even better. From the products themselves to our customer service and delivery, everything we do is evident in our mantra, "Perfecting Performance".
