WORK MODE

EXTREME CAPACITY

Effortlessly handle your lifting needs with an impressive capacity of up to 2,000 lb, while also offering a telescoping capability of up to 1,000 lb, doubling that of the competition.

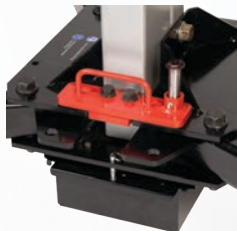

TRAVEL MODE

WORK MODE

SMOOTH OPERATION

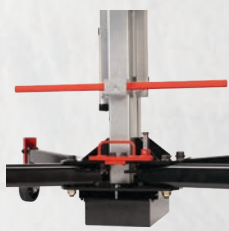

This lift restricts operation to the safe lifting position, while also boasting improved ergonomics and conveniently located service points for easy access and maintenance.

MAST LOCKING PLATE

SELF LATCHING HOOK

REAR BASE ASSEMBLY

SUPERIOR RELIABILITY

SkyHyker boasts a reinforced T-bar design, maximizing strength and stability, while its integrated no-freefall worm gear winch ensures unparalleled safety with every operation.
