KEROSENE HEATERS

L.B. WHITE® K75 TRADESMAN™ **Forced Air Heater**

- · Multifuel operation: kerosene, #1 & #2 diesel, or #1 fuel oil
- 75,000 BTU/hr
- · Electric ignition
- · Durable brass fuel fittings
- · Fuel gauge indicates remaining run time
- · 99.97 percent fuel efficiency
- · Thermostat control with temperature display

ITEM # K75-11641 **PRICE \$270.63**

MASTER® MH-45-KFA Forced Air Heater

- Multifuel operation: kerosene, #1 & #2 diesel, or #1 fuel oil
- 45,000 BTU/hr
- . Heats up to 1,100 sq-ft
- · Sealed electric motor
- . 14 hr operation on a full tank of fuel
- · Built in thermostat for precise temperature control
- Automatic safety shut-off system

ITEM # EQC24015 **PRICE \$363.85**

ENERCO® F170250 HEATSTAR® Forced Air Heater

- · Multifuel operation: kerosene #1 & #2, diesel #1 & #2, home heating oil and JP-8
- · Operates approximately 10 hr on full tank
- · Overheat safety shutdown
- · Continuous ignition
- **Enclosed motor**
- Thermostat for temperature control

ITEM # EQC43007 **PRICE \$342.69**

L.B. WHITE® K400 TRADESMAN™ **Forced Air Heater**

- · Multifuel operation: kerosene, #1 & #2 diesel, or #1 fuel oil
- 400,000 BTU/hr
- · Electronic ignition
- · Durable brass fuel fittings
- · Fuel gauge indicates remaining run time
- 99.97% fuel efficiency
- · Thermostat control with temperature display

ITEM # K400-HKM PRICE \$1.651.11

MASTER® MH-190T-KFA **Forced Air Heater**

- · Multifuel operation: kerosene, #1 & #2 diesel, or #1 fuel oil
- 190.000 BTU/hr
- · Heats up to 4,750 sq-ft
- · Built-in air pressure gauge
- · Easy-lift handle
- · Automatic safety shut-off system
- · Sealed electric motor
- · Built-in calibrated air pressure gauge and fuel gauge
- Built-in thermostat for precise and convenient temperature control

ITEM # EQC24030 **PRICE \$671.85**

ENERCO® F170375 HEATSTAR® Forced Air Heater

- · Multifuel operation: kerosene, #1 & #2 diesel, or #1 fuel oil
- 175,000 BTU/hr
- Heats up to 4,250 sq-ft
- · Operates approximately 10 hours on full tank
- · Overheat safety shutdown
- Fuel Gauge
- Continuous ignition
- Heavy Construction
- Enclosed motor
- · Thermostat for temperature control

ITEM # EQC43009 **PRICE \$540.17**

PROPANE HEATERS

MASTER® MH-40V-GFA-A Gas Forced Air Heater

- 40,000 BTU/hr
- Piezo ignition
- · Adjustable heat angle
- · Convenient carry handle
- . Heats up to 1,000 sq-ft
- · Fully enclosed base
- · Safety overheat shut off
- Salety Overheat Shut on
- Powerful steel construction
- · Variable heat settings
- · Built-in thermostat

ITEM # EQC24035 PRICE \$233.54

MASTER® MH-60V-GFA-A Gas Forced Air Heater

- 60,000 BTU/hr
- · Continuous electronic ignition
- · Adjustable heat angle
- · Convenient carry handle
- · Heats up to 1,500 sq-ft
- · Fully enclosed base
- · Safety overheat shut off
- Powerful steel construction
- Variable heat settings

ITEM # EQC24040 PRICE \$264.00

MASTER® MH-150V-GFA-A Gas Forced Air Heater

- 150,000 BTU/hr
- · Continuous electronic ignition
- · Adjustable heat angle
- · Convenient carry handle
- Heats up to 3,800 sq-ft
- Fully enclosed base

- Heats up to 9,000 sq-ft
- Rugged and durable steel construction
- Economical, efficient and clean burning
- · Heavy duty high output fan
- [2] 100 lb propane tanks required

ITEM # EQC43000 PRICE \$729.25

ENERCO® F242100 MR. HEATER® Single Tank Top Heater

- · Three heat settings up to 15,000 BTU/hr
- · Hi-med-low regulator
- · Tip over safety shut-offs
- · No tool needed, hand wheel installation
- Polished chrome reflector
- . Direct connection to 5 lb to 20 lb bulk liquid propane cylinder

ITEM # F242100-12017 **PRICE \$61.92**

ENERCO® F242650 MR.HEATER® **Double Tank Top Heater**

- · Multi heat settings up to 30,000 BTU/hr
- · Tip over safety shut-offs
- · Premium grade stainless steel burning
- · Direct connection to 20 lb bulk liquid propane tank
- · Operate one or two burners at a time
- · Directional, adjustable heads
- · Polished chrome reflector
- · Soft nose POL
- · Outdoor use only

ITEM # EQC43004 **PRICE \$131.22**

ENERCO® F232000 MR. HEATER® BUDDY **Portable Propane Heater**

- · High/low heat settings between 4,000 - 9,000 BTU/hr
- · Free standing or wall-mountable
- · Single control start knob
- · Swivel regulator
- · Fold down handle

ITEM # EQC43005 **PRICE \$111.83**

ENERCO® F274800 MR.HEATER® BIG BUDDY **Portable Propane Heater**

- · Single control start knob
- High/medium/low heat settings between 4,000 - 18,000 BTU/hr
- · Swivel regulator
- · Connects to a 20 lb cylinder with optional hose
- · Fan operates on 4-D batteries or AC adapter both sold separately
- · Automatic low oxygen shut-off system
- · Accidental tip over safety shut-off
- · Connects to two, 1 lb cylinders

ITEM # EQC43006 PRICE \$162.95

TPI® 198TMC 1-Phase Radiant/Fan **Forced Portable Electric Heater**

- . 600 W radiant, 900 W fan forced
- 1500 W radiant and fan forced heat settings
- · Temperature control thermostat
- · Tip over switch and manual reset type limit control dual safety system
- . 6 ft L, three conductor cord
- · Imported to TPI Corporation specifications

ITEM # EQC25010 PRICE \$159.03

TPI® 188TASA 1-Phase Fan Forced Milkhouse Portable Electric Heater

- · Multifuel operation: kerosene, #1 & #2 diesel, or #1 fuel Oil
- 175,000 BTU/hr
- Heats up to 4,250 sq-ft
- · Operates approximately 10 hours on full tank
- · Overheat safety shutdown
- Fuel Gauge
- · Continuous ignition
- Heavy Construction
- Enclosed motor
- · Thermostat for temperature control

HEATSTAR® F170475 Heavy Duty Convection Heater

- 75,000 200,000 BTU/hr
- For use with propane gas
- Heats up to 4,700 sq-ft
- · Standing pilot for increased safety
- · Insta-lock chamber for easy assembly
- · No electricity required
- · Fully assembled and ready to use
- . Comes with 10 ft hose and regulator
- · Clean burning
- P.O.L. tank connection

ITEM # EQC43003 PRICE \$154.68

TPI® G28917084C Heavy Duty Electric Baseboard Convection Heater

- Series: 2900C, 5950/4464 BTU/hr, 240/277 VAC, 6.3/5.5 A, 1750/1313 W
- Wall Mount, steel, bronze, powder coated
- 84 in L x 2-1/2 in W x 6 in H
- Painted 22 ga steel front with 20 ga junction boxes located on each end of the heater - junction boxes contain quick connect cable clamps and 6 in ground lead wires

ITEM # G2917084C-13251 **PRICE \$349.86**

TPI® 3480 1-Phase Fan Forced Recessed Mounted Ceiling Heater

- 10,200 BTU/hr, 208 VAC, 14.4 A, 3 kW, 425 cfm, 1300 rpm
- Ceiling/flush mount, 12 ft mounting height
- · Steel, white, powder coated
- 23-13/16 in W x 9-1/8 in D x 23-13/16 in H
- All units have manual reset thermal limit, 24 V control transformer and 24 V relav
- · Enclosed steel finish sheath element

ITEM # F3483A1-13251 PRICE \$1,345.96

TPI® FSP95271 FSP 1-Phase Heavy Duty Flat Portable Electric Infrared Heater

- High density medium wave radiant heat with 60° symmetric heat pattern
- 25000 hr element life expectancy
- Approximately 78.5% efficient vs 50% for metal sheath type elements
- Rugged flat panel emitter can be used in high vibration areas
- Heavy duty wire guard mounted on long lasting gold anodized reflector
- 64337-058 FSS replacement element
- SO 8/3 optional 25 ft power cord
- 22 in L x 24 in W x 62 in H

ITEM # FSP95271-13251 PRICE \$1,909.07

MILWAUKEE® 0801-20 M18™ Forced Air Propane Heater

- · Fastest setup. All day max heat
- Heat output rated from 30,000 70,000 BTU/hr
- User interface on top of unit for easy access and quick ignition
- · On board hose storage for fast setup
- M18[™] battery port and AC port versatility
- Brushless motor delivers longer life

ITEM # 0801-20-11961
PRICE \$229.00

GENERAC® 7210 GUARDIAN® 1-Phase Air Cooled Generator

- 120/240V. 100 A. 60 Hz frequency. 24 kW power, 999 cc engine, automatic starter
- · Natural gas or liquid propane powered
- Takes up 70% less space when compared to other output products
- · True power technology delivers best-in-class power quality with less than 5 percent total harmonic distortion for clean, smooth operation of sensitive electronics and appliances
- 48 in L x 25 in W x 29 in H

ITEM # 7210 GENERATOR PRICE \$7.691.63

GENERAC® GP 6500 49ST Portable Generator with COsense™

- . 6500 W total power
- Featuring PowerRush™ ADVANCED TECHNOLOGY -Delivers over 40% more starting
- · Generac's durable OHV engine with splash lubrication provides a long engine life
- · Large-capacity steel fuel tank with fuel gauge provides durability and up to a 10.5 hour run-time at 50% load
- Low-oil level shutdown automatically safeguards engine from damage

ITEM # 7680-11010 PRICE \$998.95

GENERAC® GP3600 49ST/CSA **Portable Generator**

- · 3600 W total power
- PowerRush™ ADVANCED TECHNOLOGY - Delivers over 40% more starting capacity
- · Generac's durable OHV engine with splash lubrication provides a long engine life
- Low-oil level shutdown automatically safeguards engine from damage
- · Large-capacity steel fuel tank with incorporated fuel gauge provides durability and up to a 10.5 hour run-time at 50% load

ITEM # TGA90020 PRICE \$582.20

GENERAC® GP5500 Portable Generator

- . 5500 W total power
- · Featuring PowerRush advance technology delivers over 40% more starting capacity
- · Generac's durable OHV engine with splash lubrication provides a long engine life
- · Large-capacity steel fuel tank with incorporated fuel gauge provides durability and up to a 10.5-hour run-time at 50% load
- · Low-oil level shutdown automatically safeguards engine from damage

ITEM # TGA90025 PRICE \$813.77

GENERAC® 7678 GP SERIES Portable Generator

- PowerRush™ ADVANCED TECHNOLOGY - Delivers over 40% more starting capacity
- · OHV engine with splash lubrication provides a long engine life
- Low-oil level shutdown automatically safeguards engine from damage
- · Large-capacity steel fuel tank with fuel gauge provides up to a 10-1/2 hour run-time at 50% load

ITEM # 7678-11010 **PRICE \$647.63**

GENERAC® GP18000EFI 49 ST Portable Generator with COseNSE™

- Featuring COsense® Technology: Powerful protection against hazardous carbon monoxide
- 816cc EFI Engine Delivers the right amount of power to get the best performance and efficiency out of your engine
- TruePower[™] Technology With less than 5% THD, safely powers sensitive electronics and tools
- · Low-oil pressure shutdown
- · Large-capacity steel fuel tank with fuel gauge, provides durability and extended run times

ITEM # TGA90015 PRICE \$4,044.30

GENERAC® 103500 Inverter Generator 3500 Surge Watts, 3000 Rated Watts

- · Ultra-quiet performance
- PowerRush[™] delivers over 50% more starting capacity (Increases electrical current upon demand; above rated output when starting electric motors)
- · Durable steel enclosure
- Clean inverter power and easy portability make this the ideal generator for jobsites or recreational activities
- Electric start with Powerdial™ Start/ Run/Stop - Three operation settings integrated into one simple-to-use dial (battery included)

ITEM # 7127-11010 PRICE \$1,229.49

GENERAC® 8250 GP25001 2,500 Watt Gas Powered Portable Inverter Generator

- Portable Power Solution: The GP2500i inverter generator is your go-to portable power source for outdoor adventures, from camping trips to tailgating events, ensuring stable power without disturbing your surroundings
- High Quality and Consistent Power: With TruePower™ Technology, this generator delivers clean power that's safe for sensitive electronics, tools, and appliances, so you can stay connected even in the great outdoors

ITEM # 82511-11010 PRICE \$751.83

MILWAUKEE® 2846-20 M18™ TOP-OFF™ Portable Power Supply Inverter

- · Faster simultaneous power
- Has 1 AC 120 V outlet, 1 USB-C PD (45 W) port, 1 USB-A (2.4 A) port
- Part of the M18™ System, featuring over 200 cordless solutions
- Fits all M18[™] batteries
- Rafter hooks allows for versatility on the jobsite to hang on common materials or carts
- · Lightweight, compact design
- Battery, charger and device cords not included
- For laptops, cell phones, TVs and other small devices

ITEM # 2846-20-11961 PRICE \$99.00

MILWAUKEE® MXF002-2XC MX FUEL™ CARRY-ON™ Portable Power Supply

- 3,600W of starting power and 1,800W of running power
- Efficient & quiet portable power anywhere
- Part of the MX FUEL™ equipment system
- Pure sine inverter protects electronics
 No emmissions and durable roll cage
- Groundfault isolated for jobsite use
- Power with 1 or 2 MX FUEL[™] batteries
- Integrated charger to charge up to Two MX FUEL™ batteries
- Push button start

ITEM # MXF002-2XC-11961 PRICE \$2,299.00

MILWAUKEE® 2845-20 M18™ CARRY-ON™ Power Supply

- Most versatile 15A power, less hassle
- 3,600W of starting power and 1,800W of running power
- Fits all M18[™] batteries
- Pure sine wave inverter protects sensitive electronics
- Integrated 3A standard simultaneous M18[™] charger
- Compatible with 49-16-2845

ITEM # 2845-20-11961 PRICE \$699.00

MILWAUKEE® 3300R ROLL-ON™ Power Supply, 2.5 kWh

- 7,200W of starting power and 3,600W of running power
- Best power for the toughest applications
- · Instant set-up, eliminate hassles
- Power anywhere
- Redlithium[™] 2.5 kWh internal battery
- 9-1/2 in All-Terrain Wheels to withstand jobsite environments, such as gravel, dirt, and mud

ITEM # 3300R-11961 PRICE \$4,499.00

MILWAUKEE® 2579-20 M12™ **Stick Transfer Pump**

- 3/4 in outlet attaches to standard garden hose
- Up to 275 gal on (1) M12™ REDLITHIUM™ XC4.0 battery
- · 360° filter maximizes flow in heavy debris
- · 36 in submersible barrel for easier inlet control
- Threaded filter designed for easy

ITEM # 2579-20-11961 PRICE \$199.00

REED 08141 PUMP STICK®

Cordless Water Transfer Pump

- · Battery operated pump transfers water at 15 gallons per minute
- · Compatible with different battery brands by changing the battery adapter plate
- · Adapter plates fit 18V-20V lithium ion, slide style batteries for some popular brands
- · Rugged, contractor grade, impactresistant glass filled polycarbonate parts and aluminum body for durability and strength
- · Water-resistant, sealed power switch for safety

ITEM # TEL08141 PRICE \$534.71

TSURUMI PUMP HS2.4S Manual Submersible Pump

- 1/2 HP, 110 VAC, 5.4 A, 1 ph
- · Built-in shaft mounted agitator
- · Urethane semi-vortex impeller
- · Dual inside mechanical seals with SIC faces for longer life
- · Oil lifter provides constant lubrication of seal faces
- · V-ring seal design protexts mechanical seal from abrasive

ITEM # TGA73010 **PRICE \$374.00**

MILWAUKEE® 2771-20 M18™ Cordless Transfer Pump

- · 480 GPH flow rate
- · Self-priming connect and go
- · Lift: up to 18 ft
- · Up to 75 ft height head
- Inlet connection: 3/4 in brass
- · Outlet connection: 3/4 in brass
- · Marine aluminum housing

ITEM # TEL20165 PRICE \$229.00

GENERAC® POWER SYSTEMS 6822 Semi-Trash Water Pump

- · Powerful pump can easily pump up to 158 GPM
- · 3 gal steel fuel tank with incorporated fuel gauge
- . Generac® 208 cc OHV engine with low-oil shutdown
- Includes 12 ft suction hose, 25 ft discharge hose and strainer
- Durable silicon carbide mechanical seal provides protection from abrasive materials
- · Durable 1 in frame to withstand the harsh environment
- · Color-coded suction and discharge ports

ITEM # 6822-11010 PRICE \$579.19

TSURUMI PUMP LB-800 Pull Handle Electric Submersible Pump

- · Designed to fit an 8 in pipe
- Up to 59 ft shut off head
- · Dual inside mechanical seal with SiC faces provides longer operational life
- · Oil lifter provides lubrication of the seal faces
- · Float switch for automatic operation TS-302 for 115V, TS-303 for 230V
- 50 ft cable

ITEM # LB-800-13289 PRICE \$710.70

TSURUMI PUMP EPT3-50HA 2-Inch Engine-Driven Trash Pump

- · Honda GX160 gas engine
- Silicon Carbide mechanical seal provides for the longest life in its class
- High Chrome impeller, Cast Iron volute casing plus stainless steel wear plate promise increased durability and decreased maintenance
- Pump/engine set mounted to cage frame on rubber vibration cushions to buffer stress and wear
- · Durable rolled-steel frame

ITEM # TGA73005 PRICE \$1,614.61

TSURUMI PUMP EPT3-80HA 3-Inch Engine-Driven Trash Pump

- Powered by Honda GX240 gas engine
- Silicon Carbide mechanical seal provides for the longest life in its class
- High Chrome impeller, Cast Iron volute casing plus stainless steel wear plate promise increased durability and decreased maintenance
- Pump/engine set mounted to cage frame on rubber vibration cushions to buffer stress and wear
- · Durable rolled-steel frame provides

ITEM # TGA73006 PRICE \$1,799.17

ALLEGRO® 9404-04 Sludge Dewatering Pump

- 1/2 HP motor
- Submersible up to 39 ft and contimous running water of 3-1/2 in
- 50 GPM water flow
- · Discharge bore: 2 in
- Motor output: 1/2 hp
- Phase: single
- Total head* (Max): 39 ft
- Rated current: 5.1 amp
- · Starting method: capacitor

ITEM # 9404-04-10086 **PRICE \$575.12**

LITTLE GIANT® 505000 Submersible Utility Pump

- 1,200 GPH
- 1/6 hp shaded pole motor with overload protection
- Designed for continuous duty
- Pumps down to 1/8 in
- Removable inlet screen for easy cleaning
- Multiple power cord lengths available
- 380 watt
- 26.3 ft shut-off
- 10 ft cord

ITEM # EQC35000 PRICE \$575.12

LITTLE GIANT® 503103 Submersible Oil-Filled Pump

- 500 GPH at 1 in
- For water transfer/recirculation/ displays & machine tool colants
- For submersible or in-line use
- 1/15 HP oil-filled motor
- Epoxy coated cast aluminum housing & cover
- · Nylon volute
- · Aluminum backplate
- · Viton shaft seal

ITEM # EQC35017

METABO® 600863620 1/32 in - 1/2 in Hammer Drill

- · Vario (V) electronics for working at customized speeds to suit various application
- · Robust die-cast aluminum gear housing
- Rotating carbon brush bridge for maximum power even when rotating counter-clockwise
- Metabo® long life motor with dust protection for long service life
- Metabo® S-Automatic torque limiting clutch
- · Forward and reverse rotation
- · Spindle with hexagonal recess for screwdriver bits for working without chuck
- · Cable protecting ball joint for the best freedom of motion when working

ITEM # TEL11120 **PRICE \$172.73**

MILWAUKEE® 2904-20 M18 FUEL™ 1/2 in Hammer Drill/Driver

- · Most powerful hammer drill
- · Only 6.9 in length
- Powerstate[™] brushless motor
- · Fastest drilling/driving applications under load
- Autostop[™] feature to protect from overrotation in a bind-up for enhanced safety,
- Dedicated Autostop™ light on foot of tool to indicate a protection event
- 1/2 in all-metal chuck with carbide teeth
- · Mechanical clutch for consistency in driving a wide range of fasteners

Optional kit includes:

(2) M18™ REDLITHIUM™ XC 5.0 Ah batteries (1) M18™ & M12™ charger

METABO® 602325520 ULTRA-M 2-Speed Drill/Driver Kit

- · Brushless drill/screwdriver with compact design for universal and demanding applications
- Unique Metabo® brushless motor for quick work progress and highest efficiency
- . Integrated working light to illuminate the contact area
- · Battery packs with capacity display for checking the charge status
- Ultra-M technology for highest performance, gentle efficient charging, optimum energy utilization and long service life

Drill kit includes:

(2) 18V 2.0Ah Li-ion batteries

(1) ASC 30-36V air cooled charger

ITEM # TEL20830 PRICE \$249.94

DEWALT® DCS380B Cordless Compact Reciprocating Saw

- Keyless 4-position blade clamp allows for flush cutting and increased positional versatility with tool-free blade changes
- 1-1/8 in L stroke delivers a fast cutting speed
- Variable speed trigger with 0 to 3000 SPM
- Pivoting adjustable shoe extends blade life and allows depth of cut control
- Rubber overmolded comfort grip delivers optimal comfort and control
- · Double oil sealed shaft
- Optional hammer kit includes:
- (1) 20V MAX* XR™ 5.0 Ah Li-ion batteries
- (1) DEWALT fast charger

M.K. MORSE® CSM9NXTB METAL DEVIL® Electric Circular Saw

- Metal Devil® NXT steel cutting blade
- 30 min duty cycle
- Overload switch
- · Chip collection chamber
- Retractable blade guard
- · Durable carrying case
- 3-1/4 in cutting depth
- 90° cutting angle
- 0° to 45° beveling
- Laser guide

ITEM # TEL13010 PRICE \$599.52

MAKITA® GA5010Z Angle Grinder Kit

- Labyrinth construction seals and protects the motor and bearings from dust and debris
- Externally accessible brushes for greater serviceability
- Rotatable gear housing can be positioned every 90°
- Ergonomic soft-grip provides increased comfort on the job
- Durability labyrinth construction, zig-zag varnish and thicker coil wires
- · Externally accessible brushes
- Powerful 10.5 A motor delivers more output for increased performance
- Refined design at only 5.8 lb for reduced operator fatigue
- AC/DC switch for use with alternative power source

ITEM # TEL60511
PRICE \$204.88

JET® 505434 Angle Grinder, 4 in Diameter Wheel

- Built-in regulator to adjust speed up to 12,000 rpm
- 90 psi airflow, 2.8 cfm
- Type 27 wheel type
- Industrial bearings for durability and smooth operation
- · Lightweight aluminum housing
- Lock off safety lever to protect against accidental startup
- Precision beveled gears produce lower vibration and a longer operating life
- · Quietest tool in it's class

ITEM # 505434-13455 PRICE \$237.15

METABO® 603625420 Variable Speed Angle Grinder

- Built-in regulator to adjust speed up to 12,000 rpm
- 90 psi airflow, 2.8 cfm
- Type 27 wheel type
- Industrial bearings for durability and smooth operation
- · Lightweight aluminum housing
- Lock off safety lever to protect against accidental startup
- Precision beveled gears produce lower vibration and a longer operating life
- · Quietest tool in it's class

ITEM # 603625420-11905 PRICE \$370.80

BOSCH 1375A Compact Corded Small Angle Grinder

- Powerful 6 A Motor 11,000 No-load rpm
- Lock-on slide switch for extended applications
- Two-position auxiliary handle specifically designed and angled to an ergonomic position
- Versatile 5/8-11 UNC spindle works with a wide array of sizes
- · Features sealed switch
- Service Minder™ brushes eliminates guesswork, stops tool when preventative maintenance is required
- Burst protection guard for additional user security
- Epoxy coated field windings provide ultimate protection against abrasive dust and metal debris
- · Screw type guard

MILWAUKEE® 2674-22P **Press Tool Kit**

- . Crimping capacity up to 1 in
- Powered by M12[™] REDLITHIUM[™] 2.0 Ah
- · Designed for one handed use
- · Auto cycle ensures full press every time
- 40% faster press
- · No calibration interval
- · Optimized for residential install

Press Tool kit includes:

- (2) M12™ REDLITHIUM™ 2.0 Ah batteries
- (1) M12™ Multi-voltage charger
- (1 each) 1/2 in & 3/4 in Viega PureFlow® jaw

ITEM # 2674-22P-11961 PRICE \$749.97

MILWAUKEE® 2922-22 M18™ FORCE LOGIC™ Press Tool with ONE-KEY™

- Industry's first brushless press tool
- Brushless motor enables 20% more run time and 10% faster cycles
- · Prepress battery check ensures tool will not start a press it cannot complete
- · Compatible with over 20 unique fitting systems
- · In-line design optimized for one-handed presses
- One-Key[™] wireless reporting and tool tracking
- · Monitor and report successful operation from desktop and mobile devices
- · Only press tool with security capability
- · Generate customizable reports for every job

ITEM # 2922-22-11961 PRICE \$3,829.99

RIDGID® 57363 RP 241 **Press Tool**

- RP 241 tool is 25% smaller and 10% lighter than the previous Ridgid® compact inline tools
- 5 second crimp time
- · Multiple size and system, Ridgid® compact press tools go up to 1-1/4 in on copper and stainless steel, up to 1-1/2 in on PEX tubing and up to 3/4 in iron pipe
- · Bluetooth connectivity, connect to your tool through your phone and manage important information like cycle count and battery life
- · Includes two 12V advanced Li-ion batteries, each providing more than 140 crimps per charge, over 150 crimps per charge on 1-1/4 in copper fittings, smaller sizes may get more

ITEM # THA56165 PRICE \$2,388.25

MILWAUKEE® 2773-20L M18™ FORCE LOGIC™ Press Tool Kit

- · Brushless motor
- · Lightest, in-line design for unrivaled access
- · Adjustable stroke for optimized cycle time
- · Auto-cycle ensures full press every time
- Green LED indicator shows complete press cycle
- · Longest calibration interval in the industry at 50,000 cycles

Press Tool kit includes:

- (2) M12™ REDLITHIUM™ 2.0 Ah batteries
- (1) M12™ Multi-voltage charger
- (1) Heavy duty carrying case

GREENLEE® EK425LXD011 GATOR® Cordless Die Crimper, 6 Ton

- Equipped with Bluetooth™ communication enabled via the Greenlee® Gator® eye app
- LED display screen communicating pressure and battery levels
- Crimping jaws open wide to fit easily over connectors
- EK425LX will complete about 325 crimps per battery charge on 4/0 AWG splices
- Operated with one-hand, leaving the other hand free to position the cable and connector
- Includes 18V 4.0Ah Li-ion battery

ITEM # EK425LXD011-11113
PRICE \$2,673.21

GREENLEE® EK1240LX12 GATOR® Standard Die Crimper, 12 Ton

- Equipped with Bluetooth™ communication enabled via the Greenlee® Gator® eye app
- LED display screen communicating pressure and battery levels
- Two-stage hydraulic system provides fast advance and power speed
- . Crimping head rotates 350°
- Forward handle position improves tool balance
- Tools automatically retract when the crimping cycle is complete
- Available with 120V, 12V or 230V battery charger or with 120V or 230V corded adapter
- · Three crimping head choices

ITEM # EK1240LX12-11113
PRICE \$5,681.72

MILWAUKEE® 2679-22 M18™ FORCE LOGIC™ Crimper Tool Kit, 6 Ton

- · Brushless motor
- · Lightest, in-line design for unrivaled access
- Adjustable stroke for optimized cycle time
- Auto-cycle ensures full press every time
- Green LED indicator shows complete press cycle
- Longest calibration interval in the industry at 50000 cycles

Press Tool kit includes:

- (2) M12™ REDLITHIUM™ 2.0 Ah batteries
- (1) M12™ Multi-voltage charger
- (1) Heavy duty carrying case

- · Curved claw solid steel hammer provide unsurpassed balance and temper
- . The head and handle are fully polished and forged in 1-piece
- · Our exclusive shock reduction Grip® is molded-on and offers the utmost in both comfort and durability
- . 16 oz steel head. 13 in OAL
- Steel handle

ITEM # THA23435 **PRICE \$33.78**

ESTWING® E3-20BLC Curved Claw Hammer

- · Larger striking face
- · Chisel edge
- · Patented nylon end cap
- Our exclusive shock reduction Grip® is molded-on and offers the utmost in both comfort and durability
- 20 oz, 6 in steel head
- 11-1/4 in OAL
- · Forged steel handle

ITEM # THA23445 **PRICE \$41.10**

ESTWING® B3-3LB **Drilling Hammer**

- · Bonded and molded shock reduction Grip® which offers the utmost in both comfort and durability
- · Head and handle are forged in one-piece and have an attractive blue UV coating, both faces are fully polished
- · 3 lb alloy steel head, 11 in OAL
- 5-7/8 in handle

ITEM # THA23420 PRICE \$37.72

WILTON® 11109 B.A.S.H® Master Hammer Kit

- · Dead blow function eliminates bounce back
- · Ergonomic handle shaped and thickened for improved comfort and less vibration
- · Lanvard hole safely secure hammer to wrist or stationary
- No-Slip grip vulcanized rubber handle for secure grip
- Trademark green head Hi-Viz, drop forged 46 HRC steel head endures the most demanding applications

ITEM # 11109-13455 **PRICE \$327.05**

KLEIN® H80696 Sledgehammer

- · Shock reducing grip absorbs the vibration
- · Sturdy fiberglass handle
- · Anti-slip grip with pronounced ribs and hexagonal texture
- · 4140 steel head material
- · Overstrike protection designed to endure and resist damage
- · Efficiently balanced to transfer energy from swing to target
- 5 in head length, 16 in handle length, 2 in face diameter
- 6 lb

ITEM # H80696-11611 **PRICE \$69.99**

KLEIN® 809-36 Lineman's Sledge Hammer

- · Rugged and well balanced, with the weight to drive lag bolts
- · Forged, tempered steel head is only 3-3/4 in long for use in tight areas
- · Identical faces with 1-3/4 in round-crown driving surface and beveled edges
- · Double face type
- · Hammering and demolition applications
- Fiberglass handle
- 14 in OAL

ITEM # THA37340 **PRICE \$57.82**

CRESCENT® CINDEX18 Claw Hammer

- · Extra large smooth striking face provides solid contact
- · Offering 4 unique positions for accessing and prying
- · Magnetic nail starter holds nails securely under the hammer head
- New rubber TPR grip is designed for comfort when prying
- · Handle and claw are forged of carbon steel for maximum strength
- 14 in OAL, 5-1/4 in head
- 18 oz head

ITEM # THA00305 **PRICE \$41.78**

MILWAUKEE® 48-22-9060 **Drywall Hammer**

- ShockShield™ grip vibration reduction
- · Precision balanced design
- · I-Beam handle, withstands bending
- · Most durable grip
- · Hatchet end designed to assist with drywall transport
- · D-shaped head for easy access in tight spaces
- 13-7/8 OAL, 8-4/5 in head
- · Milled face

ITEM # 48-22-9060-11961 **PRICE \$30.97**

MILWAUKEE® TI16SC STILETTO® Hammer

- . 18 in curved axe-style hickory handle
- · Titanium delivers ten times greater dampening of recoil than steel
- · Lightweight and balanced titanium head Straight claw
- · Stiletto® signature magnetic nail starter
- · Strike face outlasts steel faces 3X longer
- 18 in OAL, 6-1/4 in head
- 16 oz head

ITEM # TI16SC-11961 **PRICE \$99.99**

1.888.426.3755

KLEIN® 1202S Aviation Snip with Wire Cutter

- Serrated blades of forged steel for superior strength and durability
- Unique integrated wire cutter on outside of blade for duct and ceiling suspension wire
- Cuts 18 ga steel and 22 ga stainless steel
- Spring action lock allows opening of tool with 1-handed operation
- Features color coded comfortable contoured grips
- Convenient hang hole for easy storage
- Wire cutter for duct and suspension wire

ITEM # 1202S-11611 PRICE \$20.44

WISS® M7R METALMASTER® Aviation Snip

- · Cuts low carbon, cold-rolled 18 ga steel
- Non-slip serrated jaw of tough molybdenum steel holds material firmly and uniformly spreads cutting force
- · Cuts straight lines and right arcs
- High-speed vibratory finish provides excellent blade durability
- Non-slip comfort grips provide superior control and comfort
- Non-slip textured grips and safety latch for superior control
- Compound cutting action handles materials as hard as 18 ga carbon steel

ITEM # THA99352 PRICE \$28.71

GREENLEE® 718HL High Leverage Cable Cutter

- Unique double joint reduces handle effort required by 25% and increases cutting capacity to 500 KCMil
- · Fits into tool boxes
- Heat treated, precision ground, shear action blades
- Strong steel handles with molded grips for good leverage
- 500 KCMil aluminum, 350-500 KCMil copper cable/wire
- 18 in OAL

ITEM # 718HL-11113 PRICE \$132.75

IRWIN® 2073113 Aviation Snip

- Compound cutting action with textured grips and E-Z close latch
- Multi-purpose snips with compound cutting leverage
- Pro-Touch™ Grips provide superior comfort, resists twisting
- Cut and trim sheet metal, cut wires applications
- Cuts 18 ga steel and 23 ga stainless steel

ITEM # THA10400 PRICE \$19.78

KLEIN® 63225 High Leverage Cable Cutter

- Cable cutter cuts 4/0 AWG aluminum, 2/0 AWG soft copper, 100-pair 24 AWG communications cable
- High leverage design for exceptional cutting capability
- Precision, one-hand shearing action
- Cable-gripping shear-type jaws
- · Perfect for working in confined spaces
- Can be carried in most tool pouches
- Beveled jaw tips provide proper mating and shearing action
- Through-hardened (not case-hardened) for longer-lasting cutting surfaces

ITEM # 63225-11611 PRICE \$35.97

GREENLEE® 864QR Ratcheting PVC Cutter

- Replaceable blade effortlessly replace the blade without tools or loose parts
- Ergonomic design reduced hand force during operation
- Square jaw easily squares up all ranges of pipe sizes up to 1-5/8 in OD
- Blade release lever quickly retract the blade with the push of a lever
- Dial handle lock located at the top of the tool to prevent accidental locking
- Recessed blade safely store tool with blade fully open or closed
- Cuts PVC, CPVC, PP, PE, PEX, rubber hose, multilayer tubing

ITEM # 864QR-11113 PRICE \$117.63

CRESCENT® CTK21SAEN Imperial Mechanic's Tool Set, 21 pc

- · Contains a carefully selected assortment of 3/4 drive tools to handle most large mechanical applications
- Upgraded set includes a new, heavy duty blow mold case with steel hinges and 2 steel latches to keep your tools organized and secure
- · Tools meet stringent new ANSI and ASME specifications and come with a full satisfaction guarantee
- · Crestolov® alloy steel for strength and durability

ITEM # THA63634 PRICE \$320.75

CRESCENT® CSWS38B Mechanic's Tool Set, 20 pc

- Imperial/Metric standard, 3/8 in drive, 6 point, 20 piece, blow mold case Tool storage
- · Superior strength from the specially formulated and heat-treated Crestoloy® alloy steel construction
- Black manganese phosphate finish for extreme corrosion resistance
- · High contrast colored rings on sockets allow you to quickly identify between SAE and metric sizes
- · Enclosed ratchet head design for improved reliability

ITEM # CSWS38B-10143 **PRICE \$93.98**

GEARWRENCH® 80942 Socket and Ratchet Set, 239 pc

- Full polish chrome 1/4 in, 3/8 in and 1/2 in standard sockets, and 1/4 in and 3/8 in deep sockets
- · 45 tooth quick release full polish chrome teardrop ratchets,
- · Contains 12 point full polish long pattern combination wrenches and sockets
- · Combination wrenches feature a 15° offset box end for added knuckle
- · SAE and metric long arm hex keys
- · Three drawer storage box with independent sliding drawers

ITEM # THA68570 PRICE \$349.05

CRESCENT® CTK14SAEN Mechanic's Tool Set, 14 pc

- · Imperial, 3/4 in drive, 12 point, 14 piece, blow mold case tool storage
- · Nickel chrome plated for long lasting protection
- · Incredible strength and corrosion resistance from specially formulated and heat-treated Crestoloy® alloy steel
- Mirror polish finish
- · Sockets feature off-corner loading technology to reduce fastener rounding
- . This set meets ANSI and ASME specifications and comes with a full satisfaction guarantee

ITEM # CTK14SAE-HKM **PRICE \$202.87**

DEWALT® DWMT81534 Mechanics Tool Set, 205 pc

- 72 tooth count ratchet providing a 5° free arc swing for maneuverability in restricted
- · Housed in a durable carrying case with metal latches
- Anti-slip driver handle provides maximum
- Full polished chrome for corrosion resistance

ITEM # DWMT81534-10254 **PRICE \$191.49**

KLEIN® 80028 ELECTRICIAN'S TOOL KIT, 28 PC

- · A great assortment of tools for the electrician
- · 28 piece set of high quality commonly used hand tools for the electrician
- · Electrical application
- · Profesional selection of screwdrivers, pliers, safety glasses, tape measure, level, utility knife
- . 16 in canvas tool bag for easy transport all over the jobsite

ITEM # 80028-11611 **PRICE \$478.41**

MILWAUKEE® 48-22-4082 Conduit Bender

- · High contrast markings, best visibility
- Reinforced hook and pedal for added durability
- · High contrast markings
- · Secure double bolted handle
- · Most bending references
- · Wear-resistant reference chart
- · Heavy duty iron shoe
- · Key reference angles on shoe

ITEM # 48-22-4082-11961 PRICE \$104.97

RIDGID® 36097 Instrument Lever Type Tubing Bender

- Tube Capacity OD: 3/8 in
- · Capacity Bend Radius: 15/16 in
- Bend angle 90° to 180°
- Applicable materials: copper, steel and stainless steel

ITEM # THA54480 PRICE \$88.92

REED SW24A Strap Wrench

- Gripping power without scratching or deforming plastic or polished metal pipe
- Ductile iron handle and extremely strong polyester strap yield a durable wrench
- 14 in OD actual pipe capacity
- 60 to 324 mm OD actual pipe capacity

ITEM # SW24A-12579 PRICE \$133.59

RIDGID® 41162 Precision Non-Ratcheting Flaring Tool

- Recommended for flaring aluminum and soft copper
- Handle clutch releases when flare is complete to iron and smooth the flare
- Features a durable eccentrically-mounted, hardened steel flaring cone for even metal flow
- Non-ratcheting feedscrew handle turns easily and requires less motion and effort than a standard handle
- Conveniently shows measurements in both inches and metric sizes
- Flare tool produces 37° SAE flares in 3/16 in 1/4 in, 5/16 in, 3/8 in, 1/2 in, 5/8 in, 3/4 in sizes

ITEM # THA55725
PRICE \$160.07

RIDGID® 38028 Heavy-Duty Instrument Bender

- · The stainless steel specialist
- High quality bending performance for stainless steel and other hard tubing such as steel and titanium
- Two-stage design allows for in-place bending from 90° to 180° without ever crossing handles
- Lock/unlock with a half turn rotation of the bending handle
- Extra long 16 in handles increase leverage and roll dies in the bending form reduce force needed
- · Vise clamp built into bending form for extra

ITEM # 38028-12632 PRICE \$185.15

RIDGID® 34403R PRESS SNAP™ Soil Pipe Cutter Kit

- · Manual cutting action
- Cuts soil pipe
- The Press Snap[™] was ranked as one of supply house times top products
- No lengthy lever arms
- Eliminates the need to score the pipe
- · Completes the cut in seconds

ITEM # THA54168
PRICE \$580.79

ENERPAC 3

ENERPAC® P391 Single Speed, Lightweight Hydraulic Hand Pump

- . Oil capacity of 453 cu-in
- · Lightweight and compact design
- · Durable glass-filled nylon reservoir and nylon encapsulated aluminum pump base for maximum corrosion resistance
- · Two-speed operation
- · Handle lock and lightweight construction for easy carrying
- · Large oil capacities to power a wide range of cylinders or tools
- · Non-conductive fiberglass handle for operator safety
- Internal pressure relief valve for overload protection

ITEM # P391-10764 **PRICE \$549.89**

ENERPAC® WR15 Hydraulic Wedgie and Spread Cylinder

- . Total force of 0.75 ton (6 kN)
- Maximum jaw spread of 11-1/2 in
- · Maximum pressure of 5,000 psi

ITEM # WR-15-10764 PRICE \$1,254.31

ENERPAC® RC-101 Duo Single Acting Hydraulic Cylinder

- · Bearing system with composite wear bands
- · Strengthened stop ring improves durability and side load resistance
- · High-grade polyethylene seals for low wear and long service life
- · Baked enamel finish for increased corrosion resistance
- · 10 ton capacity
- 1-1/2 diameter rod
- 700 bar

ITEM # THY17102 **PRICE \$494.40**

ENERPAC® P-80 P-Series Ultima 2 Speed 2 Stage Hydraulic Hand Pump

- · Oil capacity of 453 cu-in
- 2 stage pump reduces the number of handle strokes by as much as 78%
- · Reduced handle effort and ergonomic grip for less operator fatigue
- · Vent free reservoir eliminates spills
- · Quick grip handle allows for easy transport
- Integral reservoir over-pressurization protection

ITEM # THY17010 **PRICE \$905.84**

ENERPAC® RSM-100 Single Acting Spring Hydraulic Cylinder

- · Low height single acting spring return
- 10 ton maximum capcity
- 10,000 psi maximum
- · Enamel and chrome plated
- 0.44 in stroke

ITEM # THY17071 PRICE \$606.15

ENERPAC® RJA1022 Ratchet Jack

- · Multiple-tooth pawls for strength & safety
- · Large base ensures a firm foundation
- · Drop-forged, alloy steel, heat-treated components
- · Plated springs to resist corrosion
- · Double-lever sockets for jacking in close
- Design specifications meet or exceed ANSI / ASME B30.1 Safety Standards
- 10 in capacity
- 12 in stroke

ITEM # RJA1022-10764 PRICE \$1,895.27

> Power Team®

POWER TEAM® RLS50 Single-Acting Spring-Return Hydraulic Cylinder

- Ideal for confined areas from 1-5/8 to 4 in clearance
- Cylinder body, piston and gland nut power tech treated for corrosion and abrasion resistance
- Standard domed piston rod (5-30 ton) or swivel cap (50 to 150 ton) minimize effects of off-center loading
- Unique heavy duty spring provides fast piston return
- A 9796 3/8 in NPTF female half coupler is standard with cylinder
- Couplers on all cylinders, except RLS50, are angled upward for extra clearance

ITEM # THY24175
PRICE \$515.35

POWER TEAM® P55 P SERIES 1-Speed Hydraulic Pump

- 55 cu-in tank, 10,000 psi
- · All metal construction
- Formed metal handle provides less flex and reduces operator fatigue
- Convenient fill port allows pumps to be filled in a horizontal or vertical position
- Fill cap seal acts as safety valve preventing over-pressurizing of reservoir.
- Relief valve inboard of check valve prevents loads from drifting down
- Large valve knob gives added control for slowly metering loads down

ITEM # THY23600 PRICE \$629.09

POWER TEAM® HS2000 Hydraulic Spreader

- 4 in spreading distance
- 1 ton at 10,000 pso
- High strength alloy steel forged upper and lower jaws on HS2000
- Jaws are spring-return and retract automatically when pressure is released
- Can be dead ended at 4 in spread under full load
- Needs only 9/16 in clearance to engage jaws

ITEM # THY24160 PRICE \$568.04

POWER TEAM® RH302 Center Hole Welded Cylinder

- 30 ton capacity, 2-1/2 in stroke
- Interchangeable piston head inserts provide versatility of application
- Single-Acting models feature threaded collar
- · Withstands full dead end load
- Corrosion-resistant standpipe has power tech treatment
- All cylinders except RH120 are furnished with a 9796 3/8 in NPT female half coupler
- Aluminum cylinder body and piston are featured on the RHA306 cylinder

ITEM # THY24060 PRICE \$2,085.49

POWER TEAM® P19L P SERIES Manually Operated 2 Speed Pump

- All metal construction won't burn through in welding environments
- 2-speed reduces handle strokes so you work faster and easier
- Formed metal handle provides less flex and reduces operator fatigue
- Convenient fill port allows pumps to be filled in a horizontal or vertical position
- Relief valve inboard of check valve prevents loads from drifting down
- Large valve knob gives added control for slowly metering loads down
- More usable oil volume use with larger or longer stroke cylinders

ITEM # THY23550 PRICE \$612.32

POWER TEAM® P159 P-SERIES Manual Hydraulic Hand Pump

- 152 cu-in tank, 10,000 psi maximum
- · Rugged all metal construction
- Heavy duty, formed metal handle provides less flex, and less operator fatigue
- Fill cap seal acts as safety valve preventing over-pressurizing of reservoir
- Relief valve inboard of check valve prevents loads from drifting down
- Large valve knob gives added control for slowly metering loads down
- Pump includes 2 way valve low pressure high pressure

ITEM # THY23800 **PRICE \$980.08**

FALL PROTECTION

SAFEWAZE™ FS99160-E V-Line Construction Harness

- · Dorsal D-ring
- Front D-ring
- Side positioning D-rings
- · Friction buckle torso adjusters

LIBERTY LINE® DEMOCRACY™ 5 Point Full Body Harness

- One dorsal attachment D-ring for fall arrest, adjustable shoulder, leg and chest straps, grommeted leg straps, removable back/shoulder pad for extra comfort
- Stitching Thread Material: Hightenacity polyester
- Webbing Specs: Material: Width:
 1.73 in ± 0.04 in (44 mm ± 1 mm), Breaking Strength: 5,000 lb
- Metal Component: Alloy steel, Silver or golden yellow galvanized finish
- Meets or exceeds OSHA regulations and ANSI standards

ITEM # FAL28002 PRICE \$113.44

MILLER® BY HONEYWELL AC-QC-BDP/ UGN AIRCORE™ Safety Harness

- Unique breathable, open core padding technology
- Contoured ergonomic padding design minimizes contact around a worker's neck, lower back and inner thighs to reduce chafing and irritation
- Patented DuraFlex® stretchable webbing provides greater flexibility
- Cam buckles provide easy 1-hand adjustment
- Stand up back D-rings easily adjusts, simplifies attachment
- Quick-connect buckles for easy donning

ITEM # FAL69269 PRICE \$514.12

FALLTECH® 8050 FT-LINEMAN PRO™ Body Belt

- Belt design prioritizes ergonomics and adjustability to support the climber's weight and eliminate pinch points
- Features 4 kV rated dielectric overmolded d-rings for secondary connection
- Fully adjustable; accommodating a range of six d-ring sizes per belt size for that perfect fit
- Optimized primary connecting links maintain proper orientation of both carabiner and climber
- Primary connecting links: plated alloy steel; 5,000 lb min static strength with 3,600 lb gate strength
- D-rings overmolded alloy steel; 5,000 lb min static strength
- Buckles and adjusters overmolded alloy steel; 3,372 lb min static strength
- OSHA and ASTM user capacity of 420 lb max

FALLTECH® 8180D APEX™ PRO Wood Pole Fall Restrict Device

- Articulating strap adjuster conforms to any shape or size pole
- Proprietary compact snap hook makes connection quick and easy with as few as two fingers
- Horizontal rope adjuster designed for ultimate ergonomics, even with a gloved hand
- Articulating, thum release strap adjuster and horizontal rope adjuster
- Extra large diameter rope improves ergonomics and durability than traditional 10 mm rope
- Sotted bent d-ring better manages off-hand rope and prevents pinching of rope or fingers
- Included neodymium magnetic tail keeper mitigates trips and snags caused by the tail end of the rope

ITEM # 8180D-10077 PRICE \$1,028.84

FALLTECH® 8180D APEX™ PRO Wood Pole Fall Restrict Device

- Purpose built, proprietary compact snap hook makes connection quick and easy with as few as two fingers
- Horizontal rope adjuster designed for ultimate ergonomics, even with a gloved hand
- Horizontal adjuster features thumb release lever for effortless and infinite adjustment
- Extra large diameter rope improves ergonomics and durability to traditional 10 mm ropes
- Included neodymium magnetic tail keeper mitigates trips
- Compatible with wood poles measuring 4 in to 30 in dia
- Rope 18 mm Technora® kernmantel rope; 5,000 minimum static strength

LIBERTY LINE® BIGHORN™ Dual Retracting Lifeline, 8 ft

- . Dual 8 ft tie-back SRL
- · Robust and durable plastic casing
- 1 in Dyneema® webbing
- Meets or excedes OSHA regulations and ANSI standards
- 3/16 in galvanized steel wire rope
- 8 ft line

ITEM # FAL28021
PRICE \$717.50

GUARDIAN® 10900 HALO Web SRL. 11 ft

- · Swivel top with carabiner
- Specialized quick-action braking system
- · Durable aluminum housing
- lightweight and comfortable for the worker to use
- · Quick-action braking system
- 11 ft line

ITEM # FAL95001 PRICE \$208.29

GUARDIAN® 10915 HALO Cable SRL, 30 ft

- Specialized quick-action braking system
- Compact and lightweight design for easy transport around the jobsite
- · Swivel top connection
- · Fall-indicating snap hook
- QR code for easy access to manuals, labels, and product specifications

ITEM # FAL95004 PRICE \$675.25

GUARDIAN® 10928 HALO LE Cable SRL, 30 ft

- Swivel top connection point helps reduce lifeline snagging or tangling
- Rubber boot protects housing and labels from damage from impacts or scraping
- Integral rubber lifeline stopper doubles as a convenient hand grip

ITEM # 10928-11141
PRICE \$861.33

MILLER® BY HONEYWELL MFL-1-Z7 TURBOLITE™, 6 ft

- · Reduces fall clearance requirements
- 6 ft length to meet the needs of a wide variety of applications
- Extremely compact and light weight, comparable to a shock absorbing lanyard
- Attaches directly to the back D-ring of a harness for increased mobility

ITEM # FAL96900 PRICE \$274.28

MILLER® BY HONEYWELL MFLB-12-Z7 SRL, 6 ft

- Twin Turbo™ D-ring unit connector
- Permits TurboLite[™] PFLs to swivel in multiple directions for greater mobility
- Webbing payout smoothly extends/ retracts
- Replacement for double legged shock absorbing lanyards

ITEM # FAL70007 PRICE \$1,137.18

SAFEWAZE™ 019-5044 Web SRL, 6 ft

- Steel snap hook
- · High strength housing
- 360° rotating, 180° pivoting attachment point
- Durable shock pack protective label cover
- Steel carabiner included

ITEM # 019-5044-10829 PRICE \$118.31

SAFEWAZE™ 018-5027 Dual Leg Web SRL, 7 ft

- High-strength transparent plastic housing for enhanced unit inspection
- · Swivel top for enhanced mobility
- Product data label incorporated into webbing and protected by cover
- Revolutionary breaking system that alleviates the need for an external shock pack

ITEM # 018-5027-10829 **PRICE \$375.35**

FALLTECH® 727650LE SRL-LE, 50 ft

- Specialized quick-action braking system
- Compact and lightweight design for easy transport around the jobsite
- · Swivel top connection
- Fall-indicating snap hook
- QR code for easy access to manuals, labels, and product specifications

ITEM # FAL15065 PRICE \$639.60

3M™ DBI-SALA® 7605060 EZ-LINE™ Horizontal SRL

- Extremely lightweight and portable design
- Built-in winch, pre-tension and impact indicators
- Single and multi-span (with SecuraSpan™ stanchion)

ITEM # FAL20094 PRICE \$2,325.67

FALLTECH® 8256 VIEWPACK™ Shock Absorbing Lanyard

- Rugged 1 in polyester webbing provides extreme UV resistance
- Integral label cover to protect warning and inspection labels
- Exclusive ViewPack™ design combines protection of labels with view window for inspection of internal energy absorber
- Tear-away absorber design limits fall forces to 900 lb or less
- . Tensile strength: 5.000 lb

ITEM # FAL27051
PRICE \$64.50

FALLTECH® 8366 18 In Dorsal D-Ring Extender

- Provides improved over-the-shoulder reach for ease of connecting lanyards and SRLs
- Built with rugged polyester webbing and alloy steel D-ring
- Includes alloy steel snap hook for harness attachment
- Extender use will increase the user's total fall clearance distance when using an energy absorbing lanyard

ITEM # 8366-10077 PRICE \$50.11

3M™ DBI-SALA® 1231016 Adjustable Web Positioning Lanyard

- · Abrasion resistant polyester webbing
- Built-in wear indicator
- User friendly self-locking snap hooks at each end
- Equipped with I-Safe™
- 6 ft length

ITEM # 1231016-10349 PRICE \$134.83

3M™ DBI-SALA® 1246075 FORCE2™ Tie-Back Shock Absorbing Lanyard

- · Tie-back designed and rated
- Force2[™] 12 ft free fall and dual capacity rated
- · Extremely compact and lightweight
- Hi-10[™] Vectran[™] energy absorption system
- · Heavy duty abrasion-resistant web
- User friendly self-locking snap hook and tieback hooks
- · Built-in reflective materials
- Impact indicator
- Protected labels, equipped with I-Safe™

ITEM # FAL20059 PRICE \$395.06

FALLTECH® 82608 VIEWPACK™ Shock Absorbing Lanyard, 2 Leg

- Rugged 1 in polyester webbing provides extreme UV resistance
- Integral label cover to protect warning and inspection labels
- Exclusive ViewPack™ design combines integral protection of labels and view window for inspection of internal energy
- Tear-away absorber design limits fall forces to 900 lb or less
- Tensile strength: 5,000 lb

ITEM # FAL27061 PRICE \$87.96

FALLTECH® 8240Y3 ELASTECH® Shock Absorbing Lanyard, 2 Leg

- Heavy-duty tubular polyester outer jacket web resists abrasion and UV
- Forged steel or aluminum connectors with 3600 lb gate strength
- Internal high modulus elastic won't soften from frequent use
- Full length internal energy absorber limits fall forces to 900 lb or less
- Tensile strength: 5,000 lb

ITEM # FAL15023
PRICE \$145.00

3M™ DBI-SALA® 1244455 ShockWave™ Safety Lanyard

- 100% tie-off lanyard
- · Stretches in reaction to your movements
- Integrated D-Ring for SRL attachment or rescue
- · Abrasion-resistant polyester tubular webbing
- · User friendly self-locking snap hooks at each end
- Energy absorbing design limits fall arrest forces
- · Built-in impact indicator
- Protected labels, equipped with I-Safe™

ITEM # FAL50060 PRICE \$262.11

3M™ DBI-SALA® 7600506 Horizontal Lifeline System

- Heavy-duty tubular polyester outer jacket web resists abrasion and UV
- Forged steel or aluminum connectors with 3600 lb gate strength
- Internal high modulus elastic won't soften from frequent use
- Full length internal energy absorber limits fall forces to 900 lb or less
- Tensile strength: 5,000 lb

PETZL® KO9OAAOO JAG Rescue Kit, 30 m

. The JAG Rescue Kit is a ready-to-use reversible rescue kit designed to easily pick off and lower a victim

Rescue kit contents:

- (1) Jag System haul kit
- (2) Ring open gated ring
- (3) I'D Evac descender
- (4) Axis 11 mm rope with two sewn terminations
- (5) Connexion Fixe 150 cm anchor strap
- (6) Bucket 25 liter bag

ITEM # K090AA00-16646 PRICE \$1,137.83

3M™ DBI-SALA® 3327275 ROLLGLISS™ Rescue and Descent Device

- · Emergency rescue and evacuation from a wide variety of elevated work areas
- · Fully automatic controlled descent
- · Bidirectional design enables multiple rescues
- · Built-in rescue lifting wheel
- Dual brake design
- · High strength, corrosion-resistant components
- · Compact and lightweight design
- · Integrated rope control ears
- Equipped with I-Safe™

ITEM # 3327275-10349 PRICE \$2,191.20

SAFEWAZE™ 019-11002 Adjustable Tripod Kit, 65 ft

- · Support element for entry/egress into confined spaces
- · Provide an anchorage for fall protection
- · Use for resuce/evacuation of workers
- 7 ft adjustable tripod
- . 65 ft 3-way device
- · Storage bag
- · 310 lb weight capacity

ITEM # 019-11002-10829 PRICE \$1,994.49

FALLTECH® 685020 Self Rescue Ladder, 20 ft

- · Designed for self and assisted rescue of a conscious victim after a fall has occurred
- · Easily deploys for victim ascent to safety or rescuer descent for administered assistance.
- · Constructed with day- bright high-visibility webbing and reflective fabric on side rails
- Features 10-1/2 in width with 12 in step spacing between rungs
- · Includes pre-connected alloy steel anchorage carabiner

ITEM # 685020-10077 PRICE \$492.56

FALLTECH® 5040 **Trauma Relief System**

- · 2-part UniFit system easily attaches to most harnesses with choke-on snap fastener installation
- · Adjustable length stepin continuous loop accommodates both user's feet to relieve pressure and improve
- Features paired thumb loops for quick user deployment after
- Step-in webbing assembly features full-length reflective striping and steel adjuster buckles

ITEM # 5040-10077 PRICE \$42.11

3M™ DBI-SALA® 9501403 Trauma Strap

- · Helps prevent the effects of suspension trauma after a fall
- · Allows the worker to relieve the pressure being applied to the veins/arteries in the legs
- Accommodates one foot or both feet relieving pressure to both sides
- Simple and fast zipper style deployment
- Ensures the system stays out of the worker's way for added safety and productivity

ITEM # FAL97095 **PRICE \$50.00**

SAFEWAZE™ FS902 **Suspension Trauma Steps**

- · 6 ft overall strap length
- · Multi-step system for versatility
- Durable web construction
- · Quickly attaches to most harnesses
- · Simple connection at dorsal D-ring
- · Relieves dangerous pressure on the legs after a fall

ITEM # FS902-10829 **PRICE \$21.26**

3M™ DBI-SALA® 5000335 LAD-SAF™ Mobile Rope Grab

- · Mobile design automatically follows user
- · Inertia and cam locking systems for safety
- · Energy absorbing design reduces forces
- · Detachable anywhere along the lifeline
- · Durable and lightweight corrosion resistant contruction
- · Unique design is less sensitive to rope variations
- For use with 5/8 in dia rope lifeline
- Use with 3 ft (0.9 m) shock absorbing

ITEM # FAL50105 PRICE \$259.29

- · Rope grabs move easily up and down vertical lifelines providing continuous fall protection
- · In the event of a fall, Miller® rope grabs lock
- · Compact design, corrosion resistant stainless steel construction
- · Lightweight and easy to use
- · Wire rope grabs are designed for use with 5/16 in galvanized or stainless steel wire rope lifelines
- · Secured to an anchorage independent of the worker's platform

ITEM # FAL69120 PRICE \$211.33

HSI® HSI-VL **Vertical Lifeline**

- 5/8 in diameter polyester/ polypropylene blend rope
- Double locking snap hook at one or both ends
- · Designed for use by one worker with a trailing grab hook
- · Rope is hand spliced to hook eye with protective plastic thimble in
- Available in lengths up to 600 ft

MILWAUKEE® MXF371-2XC MX FUEL™ Cordless Backpack Concrete Vibrator Kit

- Power to push 2-1/2 in head
- No pull start, no gas, no engine maintenance
- Consolidate up to 70 cu-yd per charge with 1-1/2 in head and 7 ft shaft
- 11200 vpm, consistently sustains above 10000 vpm
- · Consistent starts, most reliable pours
- · Accepts shafts 7 ft to 21 ft
- Compatible with Oztec heads and shafts
- Easier to use with wireless remote
- Easily remove backpack harness for walls and columns
- Instant power with push button start

ITEM # MXF371-2XC-11961 PRICE \$2.899.00

MILWAUKEE® MXF302-2HD MX FUEL™ Core Rig with Stand Kit

- Power to core up to 14 in holes in reinforced concrete
- · Easiest coring anywhere
- Four 10 in holes per charge
- Quick unthreading with onboard bit removal device
- 3-piece modularity for easy set up and transportation on the jobsite
- Pressure gauge and LED level for more efficient coring
- Hole start function for precise placement of larger holes
- · Hole center indicator
- Compatible with One-Key[™] to track and manage
- Fully compatible with the MX Fuel[™] equipment system

ITEM # MXF302-2HD-11961 **PRICE \$6,999.00**

MILWAUKEE® MXF220-2HD MX FUEL™ 20 in Plate Compactor Kit

- · Hits harder, travels fastest
- No gas headaches, greater control
- Runtime: 35 min, 5,000 ft² per charge
- Multi-direction capability for easier operation
- Fast / slow speed control
- Instant power with push button start
- Foldable handlebar for safe jobsite transportation and efficient storage
- Ergonomic handles for easy two person lifts
- Accessories available: wheel kit, paver pad, and water tank
- One-Key[™] compatible: track and managewalls and columns
- Fully compatible with the MX Fuel™ equipment system

ITEM # MXF220-2HD-11961 PRICE \$5,499.00

MILWAUKEE® MXF315-2XC MX FUEL™ 14 in Cut-Off Saw with RAPIDSTOP™

- · Push button activation
- Rapidstop[™] blade brake and kickback control — 3 sec stopping action
- Cut 28 ft at full blade depth in concrete on one charge
- 240 cuts in #5 rebar on one charge
- · Load light indicator
- No emissions, mixing gas and oil or enginie maintenance
- Onboard electric water valve
- Fully compatible with the MX Fuel equipment system

ITEM # MXF315-2XC-11961 PRICE \$2,999.00

Nothing but **HEAVY DUTY.**®

MILWAUKEE® MXF041-1XC MX FUEL™ ROCKET™ Tower Light/Charger

- Most portable 10 ft light
- 27,000 lumens of task or area lighting
- Fully Compatible with the MX Fuel™ equipment system
- 8 in all-terrain run-flat wheels
- 4 outriggers provide increased stability in uneven terrain
- 4 adjustable light heads for task or area lighting
- Motorized mast deploys light heads up to 10 ft in seconds
- Integrated AC plug is concealed to protect from exposure
- Integrated MX Fuel[™] REDLITHIUM[™] battery charger
- One-Key[™] compatible

ITEM # MXF041-1XC-11961 PRICE \$3,299.00

MILWAUKEE® MXF336-3HD MX FUEL™ 36 in Walk-Behind Trowel Kit

- 5 hp with 25 min of runtime per charge
- Max blade speed: 130 rpm
- Handlebar height adjustment for increased comfort
- Fine pitch dial for precise blade pitch adjustment
- Lift hook for increased maneuverability on the jobsite
- Fully compatible with the MX Fuel™ equipment system
- One-Key[™] compatible to track and manage

ITEM # MXF336-3HD-11961 PRICE \$7,499.00

MILWAUKEE® MXF368-1XC MX FUEL™ Cordless Breaker

- Most productive, lowest vibration, 50 ft-lb of impact energy
- Lightest weight, 2 tons per charge
- Fully compatible with the MX Fuel[™] equipment system
- 50 ft-lb impact energy
- 4.9 (m/s2) vibration
- Reinforced easy change tool holder that allows you to remove a buried bit
- · Integrated front carry handle
- LED work lights
- Ergonomic handles with soft rubber grip
- Plastic housing
- · Includes transport cart and 3 chisels

ITEM # MXF368-1XC-11961 PRICE \$2,599.00

RIDGID

RIDGID® 36018 K-45 **Sink Drain Cleaning Machine**

- · Large, corrosion-resistant drum won't dent and the inner drum prevents water leaks while reducing cable flip-over
- Includes 25 ft of 5/16 in cable with bulb auger ideal for 3/4 in - 1-1/2 in drain lines
- · Slide-action chuck for quick locking/ releasing of inner core cable
- · Variable speed control rotates the cable 0-600 rpm in forward or reverse
- · Requires no setup required and is lightweight
- · Features a powerful 120V motor to tackle tough blockages
- Approved to UL standards (NRTLC) and CSA approved

ITEM # THA56499 PRICE \$453.20

RIDGID® 66492 K-60SP **Sectional Drain Cleaning Machine**

- · A compact machine for institutional, commercial or residential cleaning, also ideal for septic tank vacuum truck operators
- · Ideal for rooftop vent stacks, rear handle allows for easy transporting
- · Equipped with 1/2 hp motor approved to CSA and UL standards
- Simple adjustment knob allows unit to spin both 7/8 and 5/8 in dia cable, adjusts in seconds
- Cable 7/8 in cleans 2 to 4 in lines through 150 ft
- Cable 5/8 in cleans 1-1/4 to 4 in lines through 125 ft
- · Reversible motor 115V 60 Hz

ITEM # THA56810 PRICE \$1,756.64

RIDGID® 21898 SEEKTECH® ST-305 **Line Transmitter**

- · Used to energize a pipe or line with an active electrical signal, so that the underground line may be traced with a compatible receiver
- Transmitter's leads are connected directly to the target conductor and a suitable ground
- · Induction from optional inductive signal clamp
- · Delivers up to 5-Watt of power
- · Can transmit two frequencies simultaneously.
- · Features 4 frequency options: 1 kHz, 8 kHz, 33 kHz, 262 kHz
- · Audio feedback confirms a good circuit before beginning a trace

ITEM # THA56705 PRICE \$1,135.26

RIDGID® 21893 SEEKTECH® SR-20 Underground Utility Line Locator

- Includes RIDGID® SeekTech® SR-20 locator, package of 3-NaviTrack mark chips, SeekTech® SR-20 rugged carrying case, (4) C-cell batteries
- · Large LCD screen graphically displays proximity signal, signal strength, target line and guidance arrows to quickly identify distortion and map locations
- · Omni-seek technology increases accuracy and efficiency when searching in passive mode
- · Trace any pipe locator frequency from 10 Hz to 35,000 kHz while utilizing plumbing camera snakes, sonde (beacons) and wire transmitters
- · 3-antennas offset 120° from each other in each housing and 2-gradient antennas (8-total antennas) make it easier to pick up the signal

ITEM # THA56700 PRICE \$2,856.76

RIDGID® 63603 SEESNAKE® Standard Camera

- 35mm SL TruSense camera
- For pipes from 2 in to 12 in with 200 ft push rod
- Rugged, high-intensity LEDs for exceptional viewing and long life
- · Self-leveling 1.365 in camera head
- Powerful FleXmitter® sonde has long range and preserves the camera's ability to make turns
- High dynamic range image sensor offers bright, clear, in-pipe imaging in difficult lighting conditions
- TiltSense™ displays the camera's pitch in a pipe on a connected SeeSnake® CSx series monitor

ITEM # 63603-12632 PRICE \$8,557.45

RIDGID® 49298 B-500 Portable Transportable Pipe Beveler

- Pipe is cool to touch immediately following beveling
- Accurate bevel angle around diameter of the pipe allows for optimal number of cover passes
- Adjustable land width of 0 in to 3/16 in to fit welders requirements in increments of 1/32 in
- Produces a machined finish due to 6 replaceable cutter inserts working simultaneously
- Fast to set-up and operate
- Patent-pending clamp system firmly secures tool to the pipe
- Speed monitoring with led indicators for optimal cutter performance
- Spark and flame free operation
- Cutting head and inserts are optimized for standard A53 mild steel pipe

ITEM # THA56414
PRICE \$3.947.01

RIDGID® 57288 SEESNAKE® CS12X Digital Recording Monitor

- Stream or record inspections to an IOS or android phone or tablet with the free HQx® live companion app
- Storage option capture images and video directly to a USB drive
- Dual battery power two batteries can be installed to deliver maximum runtime at the job site
- Large 12.1 in LCD display with a resolution of 1024 x 768 pixels; upgraded high contrast display is crisp, clear and daylight readable
- More powerful processor delivers quick start up time and snappy performance

ITEM # THA55745
PRICE \$5,194.98

RIDGID® 26092 1224 Threading Machine Kit

- Threads pipe including black, galvanized, plastic coated pipe, stainless steel, IMC and heavy-wall conduit, as well as rod up to 30 Rockwell C
- Capacitor-start/capacitor-run motor allows the 1224 to thread a full range of material
- Universal die head 1/4 2 in, 2-1/2 to 4 in receding die head allows cutting of tapered or straight NPT/NPSM or BSPT connection/BSPP threads
- Constant and proper lubrication of dies and workpiece with through head oiling
- Two-speed gear box with a 3:1 ratio
- Hammer-type chuck with replaceable rocker action jaw inserts
- · Cam action rear centering device
- Self-priming, gerotor type, automatic-reversing, constant flow oiling pump
- Through die head oiling

DEVALE

DEWALT® DCS692X2 Brushless Cordless Cutoff Saw

- Durable latched and sealed battery box accepts DCB615 battery (battery sold separately)
- 2-stage trigger switch
- Connect to other compatible tools and on the jobsite with wireless tool control
- Get real-time power and runtime feedback with an integrated heavy-load indicator light
- OSHA Table 1 compliant for dust management with dual-sided water feed system
- Built for Durability and Efficiency allmetal drivetrain requires no belts to maintain or adjust saw tension
- High depth of cut, 3-1/4 in cut depth for single pass in pavestones, rebar cutting, and concrete scoring

ITEM # DCS692X2-10254 **PRICE \$899.00**

DEWALT® DW089LG 12V MAX* Auto-Leveling Line Laser Level Kit

- Ideal for professionals tasked with residential and commercial applications
- 12V MAX* Li-ion rechargeable power tool battery platform
- · Green beam laser technology
- Three 360° line laser to aid in full room layout
- Integrated magnetic bracket with 1/4 in and 5/8 in thread
- Full-time pulse mode allows use with detector - maintains full brightness for visibility and extends range
- Over-molded housing and IP65 water/ debris resistance
- Locking pendulum to help prevent damage to internal components

ITEM # THA27535
PRICE \$579.00

DEWALT® DCE700X2 60V MAX* FLEXVOLT® Cordless Pipe Threader Kit

- Brushless motor with FlexVolt® cordless power for long runtime in demanding applications
- 9 Ah oil-resistant glass filled nylon battery housed in a latched and sealed battery box
- Use clamp with die arm for no direct contact with die head to start threads
- · LED low battery indicator
- Anti-rotation E-Clutch® system is a perform and protect feature
- Patent pending pipe clamp depth gauge for quick set up
- Tool Connect™ Tag Ready™
- Compatible with RIDGID® 12R style die heads

ITEM # DCE700X2-10254 **PRICE \$1,899.00**

DEWALT® DW735X Thickness Planer, 13 in

- Powerful 15 A, 20,000 rpm motor
- 3 knife cutter head delivers 30% longer knife life and makes knife change faster and easier
- Two speed gear box 96 or 179 cpi
- Fan-assisted chip ejection vacuums chips off of the cutter head and exhausts them out of the machine
- 19-3/4 in cast aluminum base is 2 times more rigid than a standard 10 in base and folding tables
- Automatic carriage lock reduces the movement that causes snipe
- Material removal gauge and extra large thickness scale Extra large turret depth stop allows user to return to most frequently used thicknesses
- 30,000 cpm
- Cutting hardwoods application

ITEM # DW735X-10254 PRICE \$779.00

GUARANTEED TOUGH:

DEWALT® DCH293B 20V MAX* SDS Plus Cordless Rotary Hammer, 1-1/8 in

- 3.5 joules of impact energy
- E-clutch for maximum control in bindup situations - a perform and protect feature
- Active vibration control reduces vibration felt by the user at the handles
- Ideally suited for installing DeWALT® screw-bolt+, hangermate+ and miniundercut+ anchors
- Brushless motor for all day run time and durability
- Retractable utility hook for convenient hangingclipped head or offset full round head
- Dust management ready: seamless use with DeWALT® DWH304DH Dust Extractor

ITEM # DCH293B-10254

DEWALT® DWS713 Electric Single Bevel Compound Miter Saw

- Stainless steel miter detent plate with fourteen positive stop
- Tall sliding fence support 4-1/4 in base vertically
- 2 in x 6 in dimensional lumber cross cut capacity at 90° and 2 in x 4 in dimensional lumber at 45°
- Precise miter system and machined base fence support
- Bevels 0° to 48° to the left and 0° to 3° to the right
- 14-positive bevel stops

ITEM # DWS713-10254

PRICE \$259.00

• 9 ft corded cord type

DEWALT® DWH304DH Dust Extractor

- Works on DEWALT® corded and cordless
 1-1/8 in SDS Plus rotary hammers
- Mechanically attaches to the tool motor to power dust collection, maximizing runtime of the battery
- Clear, durable dust box ensures users can see when dust box needs to be emptied
- Powerful fan assembly for increased suction during high performance drilling
- Replaceable dust nozzle to quickly change to new nozzle
- Easily adjustable depth gauge for accurate anchor drilling
- With a filter cleaning mechanism and a HEPA filter, it removes 99.97% of airborne particles 0.3 micron or greater

ITEM # TAC10410 PRICE \$259.00

DEWALT® DW872 Benchtop/Stand Heavy Duty Multi-Cutter Saw

- Cut a wide variety of materials
- Cuts 4x faster than chop saws and 8x faster than portable band saws
- Specially designed carbide teeth deliver fast, precise and virtually burr-free cuts
- Patented, 45°, adjustable Quick-Fence™ allows for fast and accurate angle cuts without using a wrench
- 14 in, 66-tooth, carbide tipped blade delivers a lower cost per cut compared
- Largest capacity in its class with even more capacity than a deep cut portable band saw (5-3/16 in round and 4-1/2 x 6-1/2 in rectangular)
- 15 A, 4 hp motor
- Quick-lock vise allows for fast clamping on different size materials
- 0° to 45° cutting angle

ITEM # TEL30363
PRICE \$649.00

KLEIN® TI290 Rechargeable Pro Thermal Imager

- Thermal imager has over 49,000 pixels
- Easily capture, store and share thermal images with Wi-Fi capabilities
- User selectable high and low temperature alarms from -4°F to 752°F
- Adjustable emissivity from 00.1 to 0.99
- · Rechargeable lithium-ion battery
- App is available for free in Google Play™ store and in the app store
- Durable 6.6 ft (2 m) drop test protection
- Maximum frames per second: <9 Hz
- · Sensor type: VOx microbolometer
- Thermal sensitivity: <50 mK
- Display: 3.5 in TFT LCD
- Accuracy: ±2°C (±3.6°F) or 2%, whichever is greater

ITEM # TI290-11611 PRICE \$778.00

KLEIN® BAT20LW 90° Impact Wrench

- Right angle impact wrench provides versatility for better reach around a utility pole with less effort
- Patent pending through hole design for longer bolts
- Delivers 300 ft-lb of max torque
- Featuring 1-1/8 in, 1 in, 13/16 in and 3/4 in square drives
- · Safety lockout switch
- Work light illuminates darker spaces
- Insertable socket designed for commonly used 3/4 in and 13/16 in bolt sizes
- 7/16 in Quick Connect Adapter works with drill bits, sockets and other accessories for added versatility
- Impact energy: 0 to 1,800 IPM
- · Battery not included

ITEM # BAT20LW-11611
PRICE \$754.32

KLEIN® ET450 Advanced Circuit Tracer Kit

- Easily adjust receiver sensitivity level for measurment application
- Versatile applications include tracing wires, conduit or pipes, or a single wire in a bundle
- Audible beep and visual indicators on receiver denotes signal strength
- Receiver features a NCV function to test if wires are energized
- Transmitter has AC/DC external voltage indicators 12V, 48V, 120V, 240V, and 480V
- Kit comes with transmitter, receiver, blade and ground prongs, alligator clips, 3 ft and 20 ft lead adapters, AC plug leads, instructions, all required batteries, and a hard carrying case

ITEM # ET450-11611 PRICE \$284.08

KLEIN® BAT207T23 7-Ton Cutter/Crimper

- Crimps up to 600 MCM copper, 350 MCM aluminum and 477 ACSR cable
- Includes tool, O fixed die/D3 groove crimping jaw, two 2 Ah batteries, charger and bag
- 7 ton hydraulic force crimps a larger capacity faster than similar models on the market
- Green light indicator confirms good crimp has been made
- · Two work lights illuminate darker spaces
- Compatible with industry standard W-style dies
- Powered by DEWALT® 20V 2.0 Ah Li-ion batteries

ITEM # BAT207T23-11611
PRICE \$2,481.35

For Professionals... Since 1857™

KLEIN® 66010 2-in-1 Impact Socket Set, 6 pc

- Sockets have a high torque, 12 point design making it easier to position on fasteners
- Deep socket with a 1/2 in drive works great for pole hardware installation and removal
- Cross hole design helps maintain socket connection to adaptor or impact wrench
- · Engineered for use with impact drivers
- Sockets are color coded to quickly identify
 Socket Sizes

1-1/8 in x 15/16 in, 1 in x 13/16 in, 7/8 in x 11/16 in, 3/4 in x 9/16 in, 5/8 in x 7/16 in, 1/2 in x 3/8 in

PRODUCT SUMMARY

- Fully spot welded Galvanneal 18 gauge Steel double wall construction has 16 times more corrosion resistance than regular steel
- Slanted top with rain gutter guides rain or snow away from the cabinet opening
- Continuous stainless steel piano hinges ensure doors close smoothly and reliably
- Stainless steel paddle handle lock with threepoint latching system keeps contents secure
- 12 gauge skid allow easy relocation with forklifts
- Extra hem on door for seal protection keeps rainwater from getting inside the cabinet
- Stable trapezoid legs ensure stability on outdoor terrain
- FM Approved

ADDITIONAL FEATURES

- Sturdy double wall construction with 1-1/2 in insulating air space
- Patented SpillSlope® shelves direct spills to the back and bottom of the leakproof sump; welded shelf hangers interlock with the shelf to offer maximum stability with no flimsy brackets to lose. Adjustable on 3 in centers, the shelves meet ANSI standards with a 350lb (159-kg) safe allowable load.
- 2 in leakproof sump contains spills and leaks within the cabinet and meets EPA requirements
- UV and chemical-resistant powder coated paint inside and out retains a high-gloss look and minimizes the effects of corrosion and humidity
- Strategically placed dual vents with built in flash arresters work together to stop flames from entering the cabinet while preventing the buildup of vapors
- Reflective HazAlertTM label provides a warning in English, Spanish and French to enhance visibility in low-light situations
- Self-leveling feet help the cabinet adjust and balance on uneven surfaces
- Built-in grounding connector makes grounding easy and mitigates the risk of static discharge

CM® BANDIT™ Ratchet Lever Chain Hoist

- . The world's first HMI-certified ratchet lever hoist with RFID technology
- · Rugged, yet light weight design and construction can be easily transported and used in even the most confining spaces
- · Easy free chaining feature allows for quick take up and positioning of slack chain
- · Designed not to accidentally free chain while under load
- 360° rotating handle allows for versatile rigging options when working in tight
- · Double reduction gearing provides easy operation with low handle effort
- · Screwed-on comfortable rubber grip makes for a secure hold in all environments
- Enclosed Weston style load brake stays clean and dry for positive load positioning
- Upper and lower hooks feature standard forged safety latches that provide positive and secure load engagement
- · Hooks are bolted on for easy removal and inspection
- Upper and lower hooks feature extra wide throat openings to allow for easier attachment to pick points
- · Hooks swivel 360° for faster positioning

CM® HURRICANE™ 360° **Hand Chain Hoist**

- Braking power Weston style braking system provides reliable positive load control
- Powder coated finish for corrosion protection
- Heat treated steel gearing all internal gears and pinions are heat treated steel for high strength and long life
- · Chain guide and stripper assures load chain alignment
- · Precision 4-pocket lift wheel fully machined for better chain fit and reduced wear allowing for accurate movement of the load chain
- Hardened steel chain alloy steel load chain assures high strength and long wear life
- · Minimal maintenance easily disassembled, requiring no special tools

SHOP HARRINGTON TODAY

HARRINGTON CF SERIES Portable Hand Chain Hoist

- Rugged die-cast aluminum body provides exceptional strength
- Pre-lubricated sealed ball bearings for long life and low maintenance
- Weston style load brakes for positive braking action
- Designed with fewer parts to simplify maintenance
- Handle tough demands with high-strength, heattreated main pinion shaft and load gear
- Positive braking action with Weston style load brake incorporating two moisture-resistant brake pads with four braking surfaces
- Smooth running, pre-lubricated ball bearings, and precision machined drive train components
- Simplify maintenance with fewer parts and an easy-to-work-on design
- Grade 100 heat-treated manganese alloy load chain resists abrasion and wear while minimizing chain weight
- Forged and heat-treated alloy steel hooks are designed to open slowly and not fracture under excessive loads

HARRINGTON LBOOS 3/4 Ton Compact Lever Hoist

- Rugged, all-steel construction that actually, weighs less than comparable aluminum models
- Get positive braking action with Weston style load brake incorporating two moisture resistant brake pads with four braking surfaces
- Enjoy protection against dirt and moisture with a totally enclosed brake mechanism
- Ensure long life with machined, heat treated, split load double reduction gears
- Operate in close quarters with short steel handle and 15° recovery strokes
- Patented spring-loaded freewheel mechanism permits easy adjustment of the load chain and safeguards against accidental freewheeling under load
- Equipped with standard rubber grip for non-slip operation
- · Electrostatic enamel coating
- 11 in headroom

ENERPAC® PATG1102N TURBO II Air Hydraulic Pump

- 127 cu-in usable oil
- High efficiency cast aluminum air motor
- Reinforced heavy-duty reservoir for applications in tough environments
- New generation air saver piston with rugged one-piece design reduces air consumption and operating costs
- Return-to-tank port for use in remote valve applications
- Quiet only 76dBA with low air consumption of 12 scfm
- Operating air pressure: 40-125 psi

ITEM # PATG1102N-10764 PRICE \$985.41

ENERPAC® P84 ULTIMA Steel Hydraulic Hand Pump, 2-Speed

- Durable, portable and highly efficient
- For use with double-acting cylinders
- 134 cu-in usable oil
- Reduced handle effort and ergonomic grip for less operator fatigue
- Vent free reservoir eliminates spills
- Quick grip handle allows for easy transport
- Integral reservoir over-pressurization protection

ITEM # P84-10764
PRICE \$1,784.91

ENERPAC® RACH604 Aluminum Hollow Plunger Hydraulic Cylinder

- 65.6 ton capacity with 3.94 in stroke
- 10,000 psi max cylinder pressure
- Hollow plunger design allows for both pull and push forces
- Composite bearings increase cylinder life and side load resistance
- Hard coat finish on all surfaces resists damage and extends cylinder life
- · Floating center tube increases seal life
- Steel baseplate and saddle for protection against load-induced damage
- Integral stop ring prevents plunger over-travel

ITEM # RACH604-10764 PRICE \$5,211.09

ENERPAC® SCR102H Hydraulic Cylinder and Hand Pump Set

- 10 ton capacity with 2.13 in stroke
- 10,000 max psi
- Hydraulic cylinder and pump sets include a single-acting RC Series hydraulic cylinder, two speed pump, 6 ft hose, calibrated gauge and gauge adapter
- Kit is designed to be portable and ready to use right out of the box
- Designed with superior durability in mind

ITEM # SCR-102H-10764 PRICE \$1,572.94

ENERPAC® WUD1300B Electric Hydraulic Pump

- 0.5 HP, 0.5 gal reservoir
- 25 cu-in/min flow rate
- Provides advance/auto-retract of single-acting cylinders
- 10 ft pendant controls motor and valve operation
- Use with AP500 accumulator coupler package
- Lightweight and compact design
- Two speed operation reduces cycle times for improved productivity
- 24 VDC remote motor control, 10 ft length for operator safety
- Starts under full load

ITEM # WUD1300B-10764
PRICE \$4,644.26

ENERPAC® NC5060 Hydraulic Nut Cutter

- Compact and ergonomic design, easy
 to use
- Unique angled head design
- Single-acting, spring return cylinder
- Heavy duty chisels can be reground
- Nut Splitters include spare chisel, spare set screw and wrench used to secure the chisel. A CR-400 coupler is standard
- Not suited for square, star, round or stainless steel nuts. Maximum allowable hardness of nuts to be split is HRC-44

ITEM # NC5060-10764 PRICE \$8,497.50

SHOP SLINGMAX/ TODAY

TWIN-PATH® HEAVY LIFTING SLINGS

Perform heavy lifts with Twin-Path high-performance synthetic roundslings. Twin-Path® slings are used worldwide in place of steel rigging for heavy lifts.

- The Twin-Path® sling design, which has two individual paths of fiber working as one sling
- Srength & Durability: inside every Twin-Path® roundsling are load bearing core yarns called K-Spec, which are 10 times the strength of steel
- · Lightweight & Ergonomic design: approximately 10% of the weight of a steel sling
- Easy Repair & Inspection: equipped with the Check-Fast Inspection System which acts as an external warning indicator (EWI)
- Why Twin-Path®? Due to the Twin-Path® design, abrasion damage can be easily repaired at HANES SUPPLY or any authorized Slingmax manufacturer

ABRASION & CUT RESISTANCE

- The core yarns of every Twin Path sling is protected by our Covermax Cover which is a double layered jacket that is very abrasion resistant as well as UV resistant
- Slingmax[®] offers a variety of engineered edge, cut and abrasion protection using high-performance synthetic materials

CORNERMAX® PADS

- Designed to be used on loads that have a 90° straight edge
- The pad creates a "tunnel" of cut
 protection known as the "no-touch zone"
- The edge of the load does not come in contact with the pad or sling, thus protecting the sling

CORNERMAX® SLEEVE

- The ideal solution to protect synthetic slings from cutting when it is not practical to use a CornerMax® Pad
- The extreme cut resistance of the sleeve is attributed to its proprietary weave design
- Unmatched in the rigging industry with a cut protection rating of 25,000 pounds (4464 kg per cm) per inch of sling width

SYNTHETIC ARMOR® PADS

- Not for cut protection!
- Protect slings from abrasion damage from contact with rough surfaces
- Can be made to fit any length or width sling
- Can also be made into long lengths and cut to size to suit any size on the job
- Available in different thickness levels

EQUALIZER BLOCK

- Used to maintain tension on all legs of the sling during a lift
- Automatically adjusts when a load is put on the device from the sling — no more adjusting slings and hooks prior to completing a lift
- Specifically engineered for Twin-Path® slings use only with Twin-Path® roundslings
- 5:1 Design Factor

IS <u>YOUR</u> AUTHORIZED SLINGMAX® DEALER

CONTACT YOUR HSI SALES REP TODAY FOR ALL OF YOUR RIGGING AND LIFTING NEEDS!

THE EXPERTS IN BELOW-THE-HOOK LIFTING SOLUTIONS

Hanes Supply has full access to **Engineered Lifting Technologies**.

ELT designs, engineers, fabricates and tests belowthe-hook lifting devices for various industries including construction, steel and metal fabrication, material handling and wind tower erection.

The engineering team at ELT designs each lifter in collaboration with **YOU** before it is released to the shop floor to be fabricated. This ensures that the product is crafted to your specific needs.

ELT's experienced engineers and skilled craftsman carefully monitor the project throughout all stages of the production process, resulting in a product that is built to exceed your expectations.

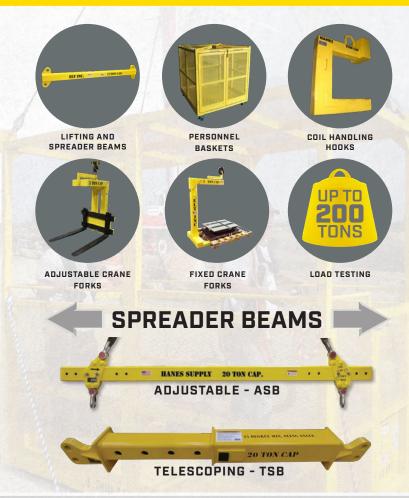

For more information or to request a quote, contact your HSI sales representative.

THE EXPERTS IN BELOW-THE-HOOK WIND SOLUTIONS

Engineered Lifting Technologies offers a **patented wind turbine lifting system exclusive to Hanes Supply.** Designed to be a fast and safe solution, our wind tower brackets are the gold standard in wind turbine lifting

Each Bracket Weighs Only 92 lb

- · Small size and weight offers superior ergonomics
- Reduces required manpower to install and reduces crane time — can be installed by one worker
- · Alternatives are often over 300 lb

Adjustable Eccentric Inserts

 Replaceable inserts easily and quickly adjust to variances in hole tolerances "on-the-fly"

Two-Point Top Pick

- Eliminates the dangers inherent with using wire rope blocks to balance a four-point pick
- Reduced number of brackets only four needed for entire lift

Exceeds ANSI/ASME Requirements

- Zinc dichromate plated body for outstanding corrosion protection.
- Nickel plated inserts
- · No load bearing welds
- Tighter bolt clearance holes

Designed to be Used with Slingmax®

- Two individual paths offer superior safety in the event of a rip or tear
- Twin-Path® slings offer the patented Check-Fast® system for inspection

UMBRE

GreenIce[™] was developed to exceed the ASTM C-309 standards, which are .55 Kg/m² in just 72 hours, which equates to approximately one, 20 ounce bottle of water. GreenIce[™] nano technology is far more effective with a release of moisture at 24.48 g/m² in 72 hours — less than a shot glass.

With GreenIce™, water is retained, keeping the moisture in the concrete to allow proper hydration and achieve maximum strength. This process significantly reduces curling, crazing and cracking, while simultaneously increasing abrasion resistance. The process saves a considerable amount of time and mone.

GREENICE* CONCRETE CURE & CAP

GreenIce Cure & CapTM System is an interior or exterior integral concrete cure with a wear-guard that gives performance from the day of the race forward. This three-part system utilizes a cure IceStartTM, during finishing a fixative, IceStopTM immediately after troweling and IceCapTM, a sub-topical sealer that crosslinks to the GreenIce Cure to preserve the architectural concrete finish by preventing deterioration or contaminant penetration. Additionally, IceCapTM gives a high-gloss to the refined concrete surface for improved reflectivity and aesthetic appeal.

GreenIce Cure & Cap will protect concrete during construction if abrasive polishing is scheduled for a later stage, removing the need for expensive floor protection. The GreenIce Cure & Cap System brings industry-leading hardness, density, abrasion resistance while retaining the maximum amount of moisture within the concrete during curing for an unconventional architectural concrete floor that gives high speed installation from start to finish.

THE GREENICE DIFFERENCE

- Densified on the day of installation to speed up overall process
- Legacy product that decreases facility maintenance costs
- Appearance is visibly superior to standard methods
- Abrasion resistance of >300% than other curing methods
- Tighter pores make it bacteria resistant and cleaner
- Less cracking and curling with a 40% tensile strength increase

INCREASE YOUR ROI WITH GREENICE CAP

- Financially smarter compared to other polishing methods
- Produces a floor that future tenants will find incredibly appealing
- Cuts down on labor costs associated with standard concrete floor upkeep
- Reduces downtime with shorter dry and dwell time
- Eliminates environmental impact concerns of epoxy and VDC's
- Slip-resistant polished floors for added tenant safety

WHY OPT FOR STANDARD WHEN YOU COULD HAVE SUPERIOR?

Go for GREENICE™ & GREENICE CAP™ to set your facility apart from the rest!

HAVE A RIGGING CHALLENGE?

IYLD

TYPE 1 (TC) TRIANGLE SLING

Slings have a triangle and choker fitting on either end. This is most commonly used in a choker hitch, but can also be used in basket.

TYPE 2 (TC) TRIANGLE SLING

Slings have a triangle fitting on each end. Type 2 slings are more economical than Type 1. They are normally used in a basket hitch, can be used in a vertical hitch, but they cannot be used in a choker hitch.

slings that can be used in all three types of hitches. They are easy to remove from beneath the load after the load is in place. Unless Type 4 is requested, Type 3 will be supplied as the standard EE sling.

TYPE 4 (EE) TWISTED **EYE AND EYE SLING**

Twisted Eye slings are similar to Type 3 except the eyes are turned 90 degrees to form a better choker hitch. This type of eve also nests together better when used in a basket hitch.

TYPE 5 (EN) **ENDLESS SLING**

Endless slings are very economical. They can be used in all three types of hitches and wear points can be moved to increase sling life. The sling leas can be spread for improved load balance.

TYPE 6 (RE) REVERSED EYE NYLON SLING [WITH CORDURA WEAR PADS]

Reversed Eye slings have protective webbing over the entire body and eyes. This extra webbing reinforces the sling and protects it from wear, resulting in an exceptionally resilient sling.

ATTACHED EYE WIDE-LIFT SLING [LIGHT LOADS]

Attached eye wide-lift slings are ideal for lifts that require wider bearing areas and some balance attributes. Eves are made from separate material-WLA1 is 1-ply, WLA2 is 2-plyboth sewn to the sling body. Body is single ply for both 1 and 2-ply eyes.

CONTINUOUS EYE WIDE-LIFT SLING [HEAVY LOADS]

Continuous eye wide-lift slings are constructed from one endless sling with the two body lengths butted and joined side-by-side. Stiffener webbing is used at the base of the eyes to deter the body webbing from folding down the middle.

NYLON MONSTER **EDGE SLING**

Monster Edge nylon slings are produced with a stiffer material that adds reinforcement and durability to the sling's edges. Available in widths of 1" - 4" and 6".

NYLON BRIDLE SLING

Nylon bridles can be configured with varied leg lengths for the purpose of lifting and handling loads that have fixed lifting lugs or attachment points.

[1] Choose the number of legs required - 1,2,3 or 4

[2] Choose the length of legs necessary - fully customizable sizing

[3] Choose the proper connection attachment - eye, hook or oblong link

[4] Contact your HSI Sales Rep for a customized, made-to-order sling

WE ARE YOUR SLING SPECIAL

OLYESTER

SINGLE-PATH ENDLESS **POLYESTER ROUND SLINGS**

- A flexible solution to your lifting needs
- · Rotation of lift points extends service life of sling
- · Length measure from bearing point to bearing point
- Two same color polyester tubular jackets
- · The cost-effective choice

HSI offers a wide range of wire rope slings. Whether you are looking for a standard 105B, a hand-tucked sling for the steel erection/iron worker industry, or a highperformance Slingmax® sling, our wire rope fabrication facilities can fabricate the right solution for your lift. Our wire rope bridle slings are available in various endterminations and hardware configurations to best suit your needs.

SCAN OR FOR OUR

CHAIN

HSI has a long history of providing quality chain slings to industry. We use CM® grade 80 Hercalloy 800 Chain and attachments along with Crosby® Fittings in the manufacture of our slings. In addition to the products you see here, we manufacture custom chain assemblies to your specifications. All Herc-Alloy 800 chain and attachments are black finish and/ or color coded orange for easy, permanent identification. The chain is embossed with the grade (HA-800).

RIGGING TRAINING

Rigger training courses are designed to teach competent rigging skills and safe rigging practices as per ASME B30, OSHA 1910 and OSHA 1926 standards. A variety of course levels are available, ranging from rigging basics to advanced load control and load

** FULLY CUSTOMIZABLE COURSES ARE ALSO AVAILABLE TO MEET YOUR SPECIFIC TRAINING NEEDS **

TRAININGS AVAILABLE

- · Basic/Intorductory Rigging Courses [4 Hours]
- Rigging Equipment Inspector Training [8 Hours]
- · Advanced Rigger Course feat. Load Control & Calculation [8 hours]
- Signal Person Training Course [1-1/2 Hours]
- Rigging Fundamentals Training Course [4 Hours]
- Chain Hoist Technician Training Course [2 Days]
- Overhead Crane Operator Safety Course [8 Hours]

Our trained and experienced rigging and fall protection experts offer inspection services for all of your wire rope, chain, synthetic slings, rigging hardware and fall protection gear. Our inspection teams provide written records of our inspections in according with ASME B30.9 (Slings), B30.16 (Overhead Hoists), B30.21 (Manual Lever Operated Hoists), and B30.26 (Hardware), OSHA 1926, OSHA 1910 and Manufacturers' Recommendations.

INSPECTIONS AVAILABLE

- · Sling Inspections: Wire Rope, Chain, Nylon, Polyester Round, Twin-Path®
- Crane Hoists: Wire Rope Inspections
- · Chain Hoists, Chain Pullers, Wire Rope Pullers: Repairs, Inspections, Load Testing
- · Rigging Hardware, Lifting Clamps, Crane Blocks
- · Fall Protection Equipment: Harnesses, Lanyards, Retractable Lifelines
- · Proof Testing and Certification
- Magnetic Particle Inspection and Certification

FALL PROTECTION TRAINING

Hanes Supply provides onsite fall protection training and seminars. Our "state of the art" Fall Protection Mobile Training Center is available to support all your fall protection and training needs — Call today to set up your training today with our Safety and Fall Protection Specialists.

TOPICS COVERED

- ABC's of Fall Protection Confined Space
- Lanyard VS Retractables Inspection Guidelines
- Proper Harness Fitting 100% Tie Off Applications
 - · Horizontal Lifeline Applications

RENTAL SERVICES

We offer a large inventory of rental tools and equipment ready to be picked up or delivered to your job site. Whether you are in need of individual products, or you are looking to save on a complete equipment package to be rented for a particular job, our rental department has the tools you need - Reliable, Dependable, and Ready to Work!

WHAT WE OFFER

- Air Compressors Air Tools Confined Space · Core Bits · Core Drilling Equipment
- Electric Power Tools Generators Hand Tools
- Hoists, Pullers & Winches Hydraulic Tools
- Material Handling Pipe Tools Pressure Washers · Saws · Tuggers · Water Pumps

FIRESHOP SERVICES

Our full-service, mobile fire shop will come to you! (Buffalo and Rochester, NY areas only). Services include annual and monthly extinguisher inspections, maintenance and repair, recharges, hydro-testing as well as safety training with live burn demos.

MOBILE SERVICES

- Fire Extinguisher Inspections & Maintenance
- Fire Extinguisher Recharging & Hydro-Testing
- Fire Safety Training with Live Burn Demonstrations
- Fully Equipped with New Fire Extinguishers and Fire Extinguisher Products
