June 9, 2022

THE CROSBY GROUP has determined the above listed anchor shackles may have a condition that can reduce the ultimate load capacity from the published catalog values of 6xWLL. The shackle bow may have a previously undetected indication, and continued use may result in loss of load, property damage, severe injury, or death.

By use of the Production Identification Code (PIC) symbols appearing on the product, we have determined the **7/8" 6.5t anchor shackles with PIC 5YH** shown on the bow may have this condition. See below image showing the position of the PIC on the bow. **No other sizes or PICs are part of this Important Safety Notice.**

We are requesting you to identify all such 7/8" 6.5t shackles with PIC 5YH and arrange for return and replacement using a Crosby Return Goods Authorization (RGA). To return these products for priority replacement, please contact Crosby Customer Service at crosbycustomerservice@thecrosbygroup.com for the US.
